Dear Cathy and Wencł,

Thank you ever so much for your holiday greeting and contributions to the Lambert Archives. Sorry to hear about the fiasco with the camera. I just received my first picture of the reunion from Doris Braley this week, so I'm covered there. Speaking of pictures, good luck with your mother's collection. I'll be very interested in what you find. I think pictures are one of the hardest things to catalogue and cross-reference. If you learn some good techniques, let me know.

Thank you for the copy of Apple Blossoms. I already have a copy of the story from Mary Frances Lambert Shepherd, but her copy did not have the photographs. I am sure she will be interested in seeing them, and again, I thank you.

Thank you for the copies of the Family Group Records. I have entered the information into the computer as accurately as possible and am sending you "feedback" printouts for your records. I have highlighted areas of missing information that should be added if at all possible. We should make every effort to maintain current addresses and phone numbers on all generations that are alive today.

I am also sending you a copy of Elizabeth Stanton's autobiographical sketch with her picture as I did not have these prepared in time for the reunion. I have already sent one to Doris and Marlys.

P. J., Abby, and I really enjoyed the reunion this last summer and hope to be able to attend again this year, if invited.

Happy New Year and good health to you and your family.

Sincerely,
