

Westerlyville, O. Sept 6. '97

My Darling Joe:— I will
write a little as I know
you are anxious for a letter.
I could not get to write Sat.
before the mail was gone,
and yesterday I did not
write because my eyes were
not feeling well. They are
better today and I think
of leaving school. I do not
know how this will stand
it. but it will be all right
whether they do or not for
I believe that is God's part
of the work. Carrie and I
put out a monstrous washing
this forenoon and went
to iron this P.M. Ira is
just flying around getting
ready to start to Massillon

at 4 P.M. This evening.
 The students are beginning
 to come back and it ~~seems~~
 reminds us that school will
 soon be here. I am hoping
 and praying that you may
 be able to enter school
 and that my eyes may
 be well enough for study.
 Mrs. Adams and Lora were
 out yesterday. They are very
 anxious to have you in
 their house. Lora asked if
 they might call you "Cousin
 Jeth" as it was so hard
 to say Mr. Harris. I expect
 to take my class on a
 picnic next Sat. and want
 you to go along if you are
 in town. It seems to me
 I never saw work crowding
 in like it is now.

3.

These days remind me of
one week ago, what a happy
time that was! I think we
know how to appreciate
such opportunities now.

I want to send this on
the 2 P. M. train so will
not wait to write more.

Pray for me, and may
God lead us in the right
way, especially in our
school work.

Your own true Sweetheart
Bertha E. Lambert.
