Miss Lambert,

Westerville, O.

My Darling Bertha: I made good connections this morning and arrived here 10:45. Am at Hotel Cameron. Carlos is not here so I am alone. I thought I would like to find out something as to how the land lays here before writing as the mail does not go out until evening. It is now 2:30 P.M. I just came from the college and an interview with the Y. M. C. A. Pres. I am much pleased with the prospect although it is difficult to say what the result will be. I am asking God to grant success in the work and I know you are doing the same. The inspiration of last evening has thrilled me all day long and I trust it has you also for all you are a sleepy little girl. I never spent a happier

Evening than last evening was.
I too have felt good over your
signing those cards. I found a
letter here from the Co. stating that
although some work had been done
at Otterbein yet they thought it
would pay to work more there.
I thought it would pay to
see more about it I would try
to spend two or three days there
yet. I presume most of the
students have their work
arranged for the Summer. I
wanted to ask you more about
that. They said they would like
to have me take up the general
agency in the school ^{at} Otterbein
next yr. if I go there & if
you want a job you can go
to work. They thanked me for
suggesting the Summer School
as a place to work and thought
we could make some arrange-
ment to that effect.

I wish I might have seen
Ira before he took up the Ill.
work. I think of inquiring
about the Knoxville Summer
School. Of course it is all
experiment but something
must be done. I trust the
teachers were not too rough
on you today. If you have
time it may be well to answer
soon as I may run over to
Maiketta the first of the wk.

I will write a longer letter
when I get settled down. I felt
like prevailing on you going to
the carthus ~~morning~~ but
I had imposed on you so
much I could ask no more.
I glanced over my shoulder
as I started just as much as
I thought I dared to do.

You are a sweet little girl and
all mine too. I could not ask
a greater treasure.

Sweet dreams to my Sweetheart.

Yours Sincerely

J. H. Harris

If you don't care, would you ask for
what he thinks as to whether the
Students generally are employed and
as to whether most of them remain
for comm. exercises?
