

Westerly, O. Sept. 20, 96

Mr. J. H. Harris

Archville O.

My Darling Joe: - While
the rest are all at church
I will spend this quiet
hr. with you this morning
I went to S. S. and church
at 2 P.M. attended the Vol-
unteer Band and at six
went to C. E. I could
hardly have the band to come
home then but I feel that
it is too much to attend
so many services.

Mr. Pyle, a former student
here was to preach tonight.
I think (with D.D.) that
Kisterville is just the place
now. It seems to me
I never realized the blessings
of college life as I do
just at the present.

Although I am just loaded
down with committee
work I feel that it is
doing me more good
than any other work could
for my future work.

To help it all out they
have given me a class
of some of the worst boys
in S.S. to try my hand
on, but that too is just

what I need. So I will
begin my mission work
there in Otterbein. I am
very anxious for you to
enter school for I know
you will enjoy it so
much better than your
present work. But do not
think me complaining in
any way because you are
not there for you know
what is best and will
do it as far as possible.
If we trust in God

I know there will be
some way. I feel that
the Volunteer Band is doing
me so much good.
It meets every Sun. at

2 P.M. We have in our
band this year Mr. Calbu,
a native of Africa who was
educated at our mission
school here. He was sent
over to complete his edu-
cation, and is a very bright
studious. Frank Edwards
also goes to college so
we have two from our own
missions, and they are such
an inspiration in all
the work, and can tell
us more than we would
learn from books in a long time.

Central O. Conference convenes
This week at Columbus.
I want to attend one service
if possible. The young people
have a rally on Wed. and
I want to attend that.

Since I came home Mr
Baker's have lost their
little girl who was about
two years old. She was
such a sweet child and
so very bright but God
wanted her for his kingdom.
I rec'd such a nice letter
from one of my little

scholars at Ibrua. It did
me good to know I was
remembered by them.

Now you must not worry
about your work for I
am sure you have done
better than any of the agents
who went out from N.
and I believe it will turn
out all right. Let us trust
God fully and he can open
the way.

Your own true one
Bertha Lambert.
