

SANDS POST OFFICE

Newell  
1904

Dear Paul,

I had a nice visit with Bette, Geo and Beeklee. George even went to lunch with us.

Bud drove me down, so he and Geo talked about Government and sports and Bette and I talked out relatives. It was a short visit since Bud needed to get back. Also George appears tired, so I didn't want to stay too long. Bette says she just hasn't had anything to do anything with the family for almost a year. I'm sure Geo <sup>needs</sup> a full time help now. I hope next year I can spend longer and maybe help her with it.

I'm enclosing a clipping from my hometown - Her mother was a Gambert. I don't know if a relative and she didn't either.

Also the reunion is July 28 in Waterloo. There is a motel with a pool! I'll be at an 80<sup>th</sup> birthday in Oskaloosa IA 1-3 on the 27, but will drive up to Waterloo and stay overnight, so hope you can come. If you have time if you come to

*mypls. with us and visit a few days?  
By the way - when is your birthday?  
Hello to Charlie and PJ. - Nancie*

### **THE SANIBEL POST OFFICE**

The Sanibel Post Office was built in 1942 on the Old Ferry Road. This structure only lasted 12 years and was said to have only been able to accommodate 3 people at one time. The first postmaster was Postmistress Laetitia Nut.

### **ABOUT THE ARTIST "NANCIE"**

Nancie visited Sanibel and Captiva Islands in 1972 as a tourist bent on relaxation! Instead, she fell in love; then settled to ceaselessly pursue the lore and beauty of her beloved. Endlessly smitten, her paintings embrace and capture all the historic and esthetic charm that is uniquely Sanibel-Captiva.

Nancie's love affair is not limited to only scenic delights of her Island haven. She also applies her renowned technique with oils to portraiture. With inherent talent, authentic warmth and inspired insight, her portraits of men, women, children and pets come alive on a "Nancie" canvas.
