Mr. J. H. Harris,

Ada, Ohio

My Darling Joseph:

This pleasant evening I can spend in no way which brings me more pleasure than to converse with you even in this silent way. I went to the P. O. Sat. morning before breakfast and in the rain too to get your letter. But it brought so much enjoyment that I was glad a thousand times.

Elsie says your letters
must contain something
good for I always
smile for a half day
afterwards. And indeed
they do, really I do
not know how I could
get along without them
unless I had you
with me instead.

Dear Jos. your life
becomes dearer to me
every day. I feel that
its influence makes
my life better. In
all the duties of life,
your personage before
me prompts me
to more thorough and
efficient work, and makes
that work pleasant.

How happy we can make each others lives if this influence continues to grow, as we learn to know each other better.

This afternoon Sam Bay & Harry McGill called here. Mr. Bay is attending a medical school in Columbus and Mr. McGill is on his way to Ada. I asked him to remain here and attend O.H. but he was bound for Ada, and of course thought that place better, and perhaps it is for his work.

Yesterday we had our
first lesson in our
Bible study. Of course
I will preserve my
work and you can
see it any time.

Ira seems much
better, and is beginning
to seem more like
himself, He is able
to leave me a little, but
will not be able for
school for a week
or two at least.

Quite a number of
the students are still
sick. One of the girls
left her class Fri.
went home and lay
down and in a short
time her folks on

going to her found her almost entirely paralyzed, could not speak, see or move, but I hear she is some better.

I enjoy school work more & more every day. Next Thur. evening I am supposed to have a "Medley" at society. You would think it were one if you read it. I rec'd a long letter from Faidy a few days ago. She seems to think I have quite a nice frassell "joint" and said the time

passed very rapidly
going from Ada to
Dunbar.

I hope you may win
in your society campaign.
The societies that are working
as hard as we. There
are quite a number of
solid girls that our
society is going to get
but we can not tell
which, as yet.

Yesterday B. S. M. football
played against B. M.
and you would have
thought you were in
Africa or some other
heathen country, judging
from the sound.

May the Lord keep us
humble and faithful.

Loveingly
Bertha Lambert.

Oct. 13.

I enclose a report
of the conference which
I clipped from a daily.
This is such a lovely
morning, every thing out
to be happy.

Faché will go down
to our old home this
week. You may think
strange about it, but I
have some doubt about
Faché accepting his work.
The districts have been
changed from ^{three to two} ~~two to three~~
as you will see.

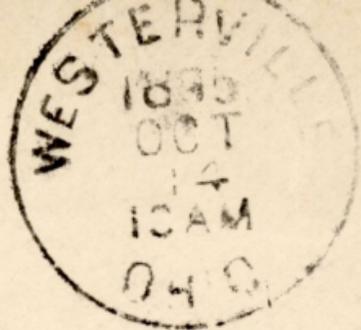

Rev. Guign's wife was
buried last Wed.
