

Dear Dick -

Mother stood the trip
at Easter very well. However she
doesn't remember coming back
and thinks she is still in
Columbus.

She is more & more confused
and and really a strain
and worry. I am writing
Jim to see if they could take
her a month as I am getting
on edge with it all. The change
might do her good and with
~~the~~ Davis opera show coming
up I need time & energy to
help him on that.
I do what I can - but
you cannot imagine some of

the crazy ideas she gets.

The enclosed cards she wrote you yesterday & today show some of it. Dan is away all day & almost every night so I get the load to carry. Mr. Siddall said last week either I had to get away or send her some place for a short time so I could relax. My nerves are on edge.

This morning she asked Dan, "do you know my son Richard?" I am sorry to complain - but I can't take it much longer. Dan wrote & talked to Mrs. Roberts about finding a place in Columbus. Could you talk to them. She is happier down there. Pray for me to have the strength to do the right thing.

Love All three
