Dear Mr. Harris,

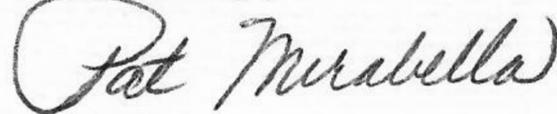

With regard to your request for original records for those interred in Lot 10, Section J-North, I wish to inform you that the records of this cemetery are indexed by name, burial date and location.

There are no original records kept here, nor does the cemetery record relationships of the deceased. If you would like a copy of the death certificate, you may write to the State of New Jersey and request same. I have enclosed their address.

With regard to ownership of this gravesite, it was originally purchased by Andrew Ferguson on October 18, 1918.

I hope this information has been helpful to you. Your check of \$10.00 is being returned as there is no charge for the information you seek.

Sincerely,

Pat Mirabella, Secty.
