Ada O

My Dear Joe: - Your very
welcome letter was rec'd. Mon.
Very eagerly I read its contents
and have been pondering them
in my mind ever since.

I have not words ~~to~~ to express
my thanks for the interest you
manifest in such an insignif-
icant creature as I, but I surely
appreciate such kindness.

I accept the kind invitation
provided I can make proper arrange-
ments with my classes, which I
think I can without any trouble.
The class looked rather suspicious
last night when I asked ~~the class~~
if we could meet an hour early the
night of the lecture Aug. 22. instead of
Fri night. But they seemed to think it possible.

With your letter I rec'd one from
Miss Chandler who is still at Ada.

She invited me to visit her
while there so I will just kill
two birds with one stone.

I also write to her this morning
to know if it will be convenient
for me to come at that time.

She rooms at the Mc Clelland House
just east of Hells.

If I should have to come through
on Fri. night is there any other train
leaves Crestline later than 11:40[±]
that I could come on, & do you
know what time I can leave Crestline
in the day-time, I will come on Fri.
if I can change my class but if I
can not John will take me to Galion
(after the class) and I will come
through at night. Please do not let
me make you any trouble, for I
wd much rather not come than do
that, I think of visiting Mrs. Oaks
over Sun. I will write no more as
I am hurried. Lovingly - Bertha Lambert.

H. B. & told Miss Chandler
that I w.d tell you to see
that she had a "fellow"
on the excursion, for I
want her to go if possible.
I fear you will conclude I
am more boisterous than
my mouth - B. E. L.
