To whom it may concern:

I have known Mr. J. H. Harris for several years. He has been a student in the above Institution for sometime, and has proved himself one of the most worthy, as well as the most competent of the many students, who have been in attendance here.

His equipment in scholarship is fine, his manly qualities are rare and I am sure he would do honor to any school board, who would be fortunate enough to employ him.

I know his qualities, and without hesitation recommend him in the highest ^{terms} ~~praise~~.

Yours very truly,

J. D. Hess
