Akron Ohio

Dear Bro. received your letter
a few days past telling of Uncle's death it had
been quite a while since had heard any thing
about him after Aunt Water's death I've write
me to know if I had heard any thing
from him she said they sent him a telegram
and wrote him but got no word from him
she thought possibly he had changed his
address. when his wife passed away the
Athens messengers give an account of her
death. in regard to helping to pay the funeral
expenses will say I am not in shape to help at
present and if I am not mistaken would should
not hesitate to pay them as I understand Uncle
had a heavy hospital expense for him and give
him a home for years, possibly am mistaken
about this but some one had the expense as
he was very seriously sick. you spoke in
your letter that Uncle was born in Chester
Hill, am not certain but think he was born
at the old home in Athens Co. unless they lived
in Chester Hill at two different times he must
have been born on the farm they were living on
the farm at the time Uncle George got lost we
strayed away from his regiment they may have
lived in Morgan Co before that or in Chester Hill
we are in our usual health our evangelistic
services commenced last Sunday on my birth
day, our evangelist Bro. ~~Keith~~ Kaufman is the
evangelist we like him very well so far Bro. ~~Keith~~
said he met you at Col. last week we think a
lot of him he is such a humble man and his
wife is very fine I got ready to go to church
this evening was ready to start and found
Helen was having eye trouble. so told

Margaret to go at it was sad that night tonight
last night was next night services were
last two weeks terribly long so far attendance
has been very good but will continue to be
good. there is so many of the people sick
we can't expect to many some time past
some of the Church people went out calling
they said out of twelve homes visited ten of
the homes had one or more sick. not quite
that bad now but many are sick. I get quite
a lot of the paper you sent keep in touch with the
work of the Conference. and often hear of home over
that had been in the Wash. Capital send me
the Telescope think its very good I wish been reading
what it had to say about Lincoln. Now we need
such men at the present time. received a
letter from Cassie yesterday and one from Harry
and wife Cassie was not feeling very well
had been having cold had been to the doctor and
was trying to get in shape to go in to the work Sunday
she writes Sunday and Thursdays. the other
not quite so often. heard from all the children
and part of my grand children on my birthday
they are all so good to me. certainly feel that
have much to be thankful for that they are so
good to me. hope all are well write
Jordan some time past been quite a while
since have heard any thing about them.
have not heard any thing from down home
only what you write for a long time
love and best wishes to all

F. E. Harris
