

First United Methodist Church, Fort Myers, Florida

April 25th, 1991

Dear Dick -

Thank you for your Easter Greeting that arrived yesterday. You have a wrong address for me, - wrong street number and wrong Zip Code, but it was delivered. This is my address;

Mrs. John E. Ward
The Pines, Apt. 62
1896 Park Meadow Drive
Fort Myers, FL 33907

I talked with Dan last evening and I am a bit concerned about him. He has been working much too hard, he misses Altha hey and words and said he was tired and depressed. I am sure a letter from you now and then would mean a great deal to him. He will be there at the university soon after May 1st and I am hoping he will come over here for a few days of complete rest.

Nana had flu and pneumonia in January. I didn't think she could

survive, but she did. However, she is now very weak and cannot use her Walker. She can walk a very little with two people supporting her. It is hard to see one who has been so active become almost helpless.

I stay quite well and it is good to be free of the responsibilities of maintaining a home and car.

Again many thanks for remembering Mama and me at Easter time.
