Mr. J. A. Harris,

Marietta, O.

My Darling Joe:— Commence-
ment is over, our company
is gone and we are left-
alone. I can not express
my feelings at such times,
but there is a strange longing
that nothing seems to satisfy.
All the exercises went off so
nicely. The class day ^{was} great in
most respects. The whole college
from Fresh to Senior was
represented completely. The
address by the representative
was fine. I think it would
have been complete if you
had been here. We got along
very well with our company
but were pretty tired yesterday

We are taking a rest now
but we must scatter in
a few days. Otterbein will
go back to Clark Co. next
Mon., Ira will go to ^{Dakota} Geneva
on Thur, and I do not know
when I will leave. I would
have gone home with John's
but thought the load was
too much for one horse.
I think now that I will
cavass Westerville for the
Bible studies before I leave.
I wrote to you at Athens
that I thought of going to
Iberia and cavassing the towns
near there. Have you heard
whether Galion has been
cavassed? Do you know
whether Plain City in Union Co
has been taken?

I think some of visiting
Lora Adams and thought
perhaps I could canvass
some while there.

I have surely missed you
more since you left than
I ever did before. Last
night I saw you very
vividly, in my dreams.
I will close as Elsie is
going to the office.

May we remain true to
Christ and to each other.
Your Sweetheart
Bertha Lambert.
