Helen,

Just got these six
back and am hastily
dropping them in the mail
to you. Looking forward
to your visit next month.

Thanks again for running
around Brooklyn with me.
I just sent Dan pictures of
Widge opening the presents.
I'm sure he will enjoy them.
He really enjoyed the book
I sent him and wants
me to visit again soon.

Apparently it jogged his
memory on a few things
and he said he wants to
give me more information
on his generation! Boy!
just what I need! More
information!

Talk to you soon,
