My own Precious Sister;

Greetings for
your Birthday!

I trust this may
be the happiest
birthday you have
ever had - I hope
your children can
come home and
spend it with

you - at least, Paul, James
& Richard! I trust you are
all fixed up nicely in your
new President's mansion -
how my heart rejoices for
you - I am as happy for
you as if it were my very
own. God surely does care
for His children and look
after His own! May His
richest blessings rest upon
you this day and all of
the remaining days of your
dear, dear life!

My sister and brothers grow
dearer to me as life goes
on and I rejoice ^{with them} in their
happiness and weep with
them in their sorrows. We
all have our own peculiar
trials and I believe by sharing

them with each other
they are made a little
lighter for we all know
there is "so much under-
standing through Love".

A good letter from Ida
says they observe their
Golden Wedding Anniversary
Jan. 1st 1930 - lets all
remember them with
Cards & letters - Can
you notify Jo's people?
I'll notify the Lamberts.

Heavy work awaited
as here but cheerful
co-workers make it all
a joy. Our Boys will
miss you very sorely in
Westerville - your Home
was like a Haven of rest
& comfort to them.
We are well - Phil & Dan both
well & working hard at new Gym.

I am asking Bertie Charles
to come up for her birthday ~~on~~ Oct. 16 - So, on
your birthday, will be observing
yours & here!
Together here -
Love from Oscar
& Joe & you -
Lovingly @ Harrie.
