J. H. Harris,

Westerhill, O.

Dear Bro: Your letter came
to hand Friday evening. I will
pen a few lines to day in reply.
This is a beautiful day and
every thing seems bright and
cheerful. I have just returned
from S. S. our topic as you
know was a Missionary topic
and Fess gave quite an interesting
discussion along the line of prep-
aration for the work of Missions.
He laid much stress on prep-
aration of the heart, and ~~the~~ ^{the} ~~importance~~ ^{importance}
of choosing ~~our~~ ^{our} work, and
meditation on same.
Prof. Maglost will conduct.

a song service this afternoon in
my M.C.A. meeting. Next Thurs-
day will be contest day. there will
only be three days of school this
week. You spoke in ref. to the
Stockport school. they pay
\$60 per mo. they have already about
twenty applications.

You must surely be in an uneasy
position, realizing the importan-
ce of the work as you do. it makes
a decision quite difficult. I do not
feel like making even a suggestion.
but the climate would surely have
an effect in the way you moun-
ted I pray that the way may
be made so plain that you
may be able to come to a decision
that will ^{be} thoroughly satisfactory.

I have not applied for
any other school; I received word
from Doctor Heston, he wanted
me to state what wages I wanted
he said they would have at
least one other application for
that room. I am thinking
of applying for that school.
By S. R.'s will write to C. A.
and find out concerning same
I have not heard from Seth
and ^{am} somewhat uneasy. I rec'd
a letter from Carlos this last
week. he was going out home
for a few days; I would like
to hear as soon as Mr. Cochran
finds ~~of~~ out as to whether he can
pay his notes at one time
so we can have them sent to us.

He can pay the money to you
and I will instruct you later as
to what to do with it.

This term has not ^{been} very satis-
factory to me but I will have to
do the best I can. It is
quite a task for me to study
this microweather.

Well I hope you are
getting along all right and that
you may be able to decide soon
what course you will take
in ref to what you mentioned
in your letter. Let me hear
from you often.
Yours truly L. D. Harris
