DEDICATION

TO YOUTH- -
AT THE CROSS-ROADS
OF LIFE

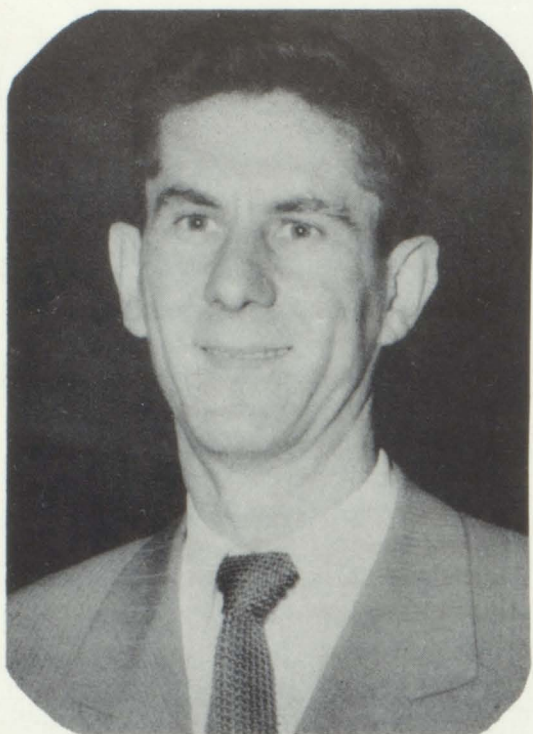

To every man there openeth
 A Way, and Ways, and a Way
And the High Soul climbs the High Way
 And the Low Soul grasps the Low,
And in between, on the misty flats,
 The rest drift to and fro.
But to every man there openeth
 A High Way, and a Low.
And every man decideth
 The Way his soul shall go.

CLASS HISTORY

As we think about the days that have passed, we remember the first day of school. The day we remember was in September of 1942, when twenty-two bright-eyed children were eager to experience the school days before them. Of the original members, thirteen, Shirley Blair, Ruth Brugler, Carol Edeburn, Mary Louise Fair, Braden Hayes, Jeanette Horodyski, Mark Letcher, Nancy McMahon, Patricia McMahon, Betty Moore, Dick Rufener, Jim Stafford, and Jean Wells are still with the class. The first year passed rapidly as we learned the fundamentals of the three R's and participated in the rhythm band, conducted by our teacher, Mrs. Karr. We were promoted to the second grade and a new teacher, Miss Banning, who helped us extend our knowledge of our environment.

By the time we entered the third grade, we began to find out that school could be made interesting by doing the opposite of the rules. Priscilla Bradley joined the class to continue the journey to the fourth grade and Mrs. Wall, who taught us the musical notes on her pitch pipe. Another new member, Lloyd Hull, joined us while we were learning to multiply. The year seemed to pass faster during the fifth grade, when we received another permanent member, Mary Grace Englebaugh. Miss Bell stayed with us to the sixth grade and prepared the class for the second half of our school days. De-lores List and Carol Slemenda were our new classmates.

Now came the big event of trying to change classes and the finish of the writing lessons. We were seventh graders and George Smith was waiting to greet the class. Mr. Mallett was our advisor and under his supervision we finished the year with high ratings. As the class proceeded to the eighth grade, we liked changing classes because we could skip study hall. Joan Ashe became a member in time for summer vacation.

We were freshman at last and the sophomores initiated twenty-five into high school. The year rushed by as Joyce Rufener became the last permanent member. As sophomores we ordered our class rings and returned the privilege of initiating the freshman. Mr. Wasik gave us problems to figure and participated with us in class activities.

Miss Zahariou was our advisor as we became one year nearer to the senior year. Mr. Wasik was the new principal and Mr. Rechedy became the coach. The excitement increased as the class rings were received. We sold Christmas cards and refreshments at basketball games. The Junior play "He Couldn't Marry Five" was successful. From these and other sources the class procured money to finance the prom at the Shenango Inn in Sharon. The annual trip was to Washington and Gettysburg.

As seniors we had finally reached the most important year in school and the sponsorship of the yearbook under the leadership of Mr. Schettino. We collected ads to pay for the publishing. Our class started the custom of presenting the gavel to the junior class president at the end of the year. We also presented a play which was a source of money for a gift to the school.

It is now the end of our senior year and all twenty-one will continue to make history. You will probably read about us and should recognize our names in the years to come.

CLASS PROPHECY

Here we are in Madame Tealeaf's air conditioned tent (alias Engletee). Her flourishing tippsy joint is located in the Vernon swamps. The prophet stares dejectedly into her Lipton tea bags. Her eyes appear glassy. Her pompadour poms. There is a twitch on her double chin. She gasps for breath and is very amazed at what she sees. These are her former classmates in the year 1973.

Joan Ashe has discovered a way for women to keep thin and all the women of America are after her method.

Shirley Blair is the personnel manager of the Orangeville Telephone Company which now has a branch office in Lower Slobovia.

Priscilla Bradley is the President of the Truant Officers of America. The association has its main office in Vernon.

Ruth Brugler and Joyce Rufener are the co-operators of an exclusive home for "OLD DOLLS". It is a very profitable business.

Carol Edeburn is a teacher back at good old Vernon High School. She teaches "Mouse Trap Planning".

Mary Louise Fair is the school nurse at Vernon. She has also won fame by inventing a Lice Detector.

Braden Hayes is a world famous engineer and is attempting to find a short cut to China by digging through the center of the earth.

Jeanette Horodyski has changed a great deal since she left school and is now with a circus as a fat lady.

Lloyd Hull is driving a racer at the Indianapolis Speedway.

Mark Letcher is a great wrestler and is going to try for the world championship this coming year.

Dolly List joined the Waves when she graduated from school and she made a career of it. She will retire in 89 years.

Nancy McMahon is a very prominent soap-box racer. She is the best in the lady's division.

Pat McMahon writes a syndicated column, Advice to the Lovelorn, which runs nightly in all newspapers including the Shanghai News.

Betty Moore is a reporter. She travels with the President—of the Vernon School Board.

Dick Rufener has just completed his non-stop flight around the world. He did it in a souped up "Chevy" monoplane.

Carol Slemenda is a very distinguished dress designer. She designs clothes for women over 90.

George Smith is in business for himself. He is building his own cars, Fords of course.

Jim Stafford has fallen directly into the footstep of Red Skeleton. He has his own television program.

Jean Wells is a commercial artist. She does the advertising for the Vernon Yearly.

CLASS SONG

Tune—Sentimental Journey

The time has come when all of us must part,
And say Farewell to the white and blue.
We have to take a Sentimental Journey,
To leave our friends, both old and new.

Schoolbells, remind us of those
Golden Rule bells,
School days bring back memories
that we all know,
And we'll miss so.

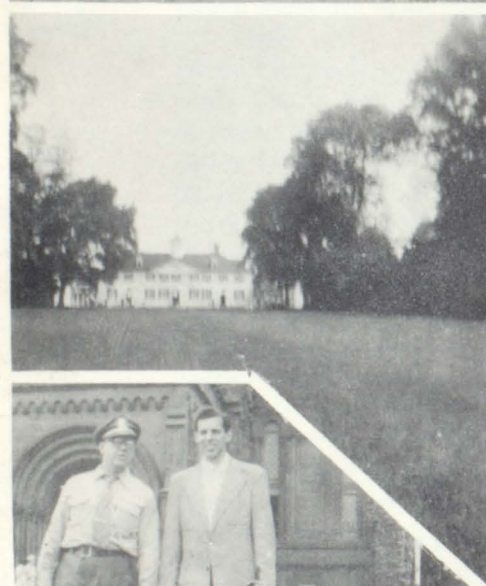

We'll leave our books and lessons all behind,
Then bid Adieu to everyone.
Now we start our Sentimental Journey,
But we're "Not Finished, Just Begun".

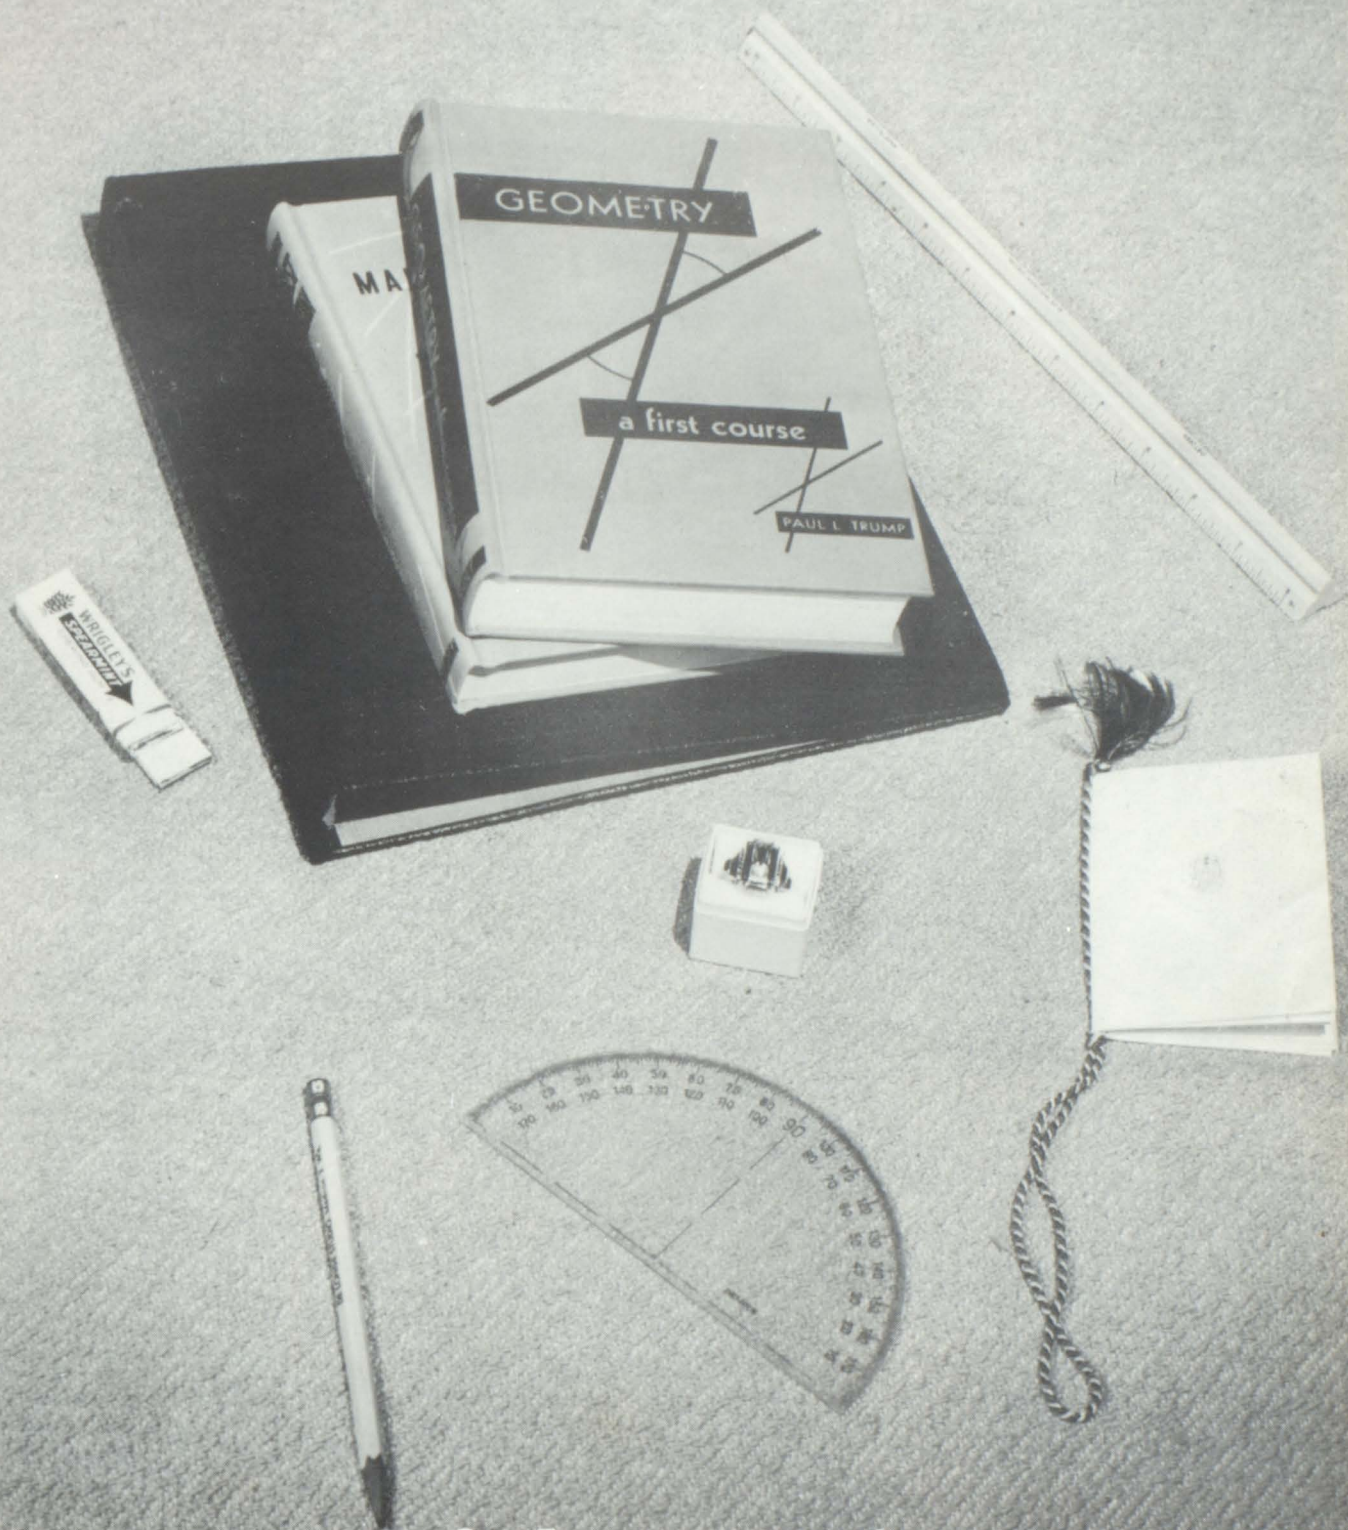

CLASS POEM

Another year went quickly bye
And now the class of '54
With a long regretful sigh
Wishes to bid farewell.

For twelve long years
We've come each day
The time passed quickly
At work and at play.

As we begin our journey into life
We wonder what the future holds in store
To you dear Vernon we give our thanks
For fun and memories galore.

Bowling was introduced to the students of Vernon for the first time last year. The Juniors and Seniors participated and underclassmen were chosen as pinboys. Under the supervision of Mr. Rechedy and Mr. Schettino a league was formed consisting of six teams who played against each other in competition. The teams bowled for ten weeks at the Kinsman Alleys and at the end of the season a trophy was awarded to the Rolling Sextet, the team with the most wins.

Bowling has proved to be a successful sport here at Vernon and we are looking forward with great expectation to the coming season.
