School dances are a BIG social event and are always lots of fun.

Lunch time is always a blast!!

Remember this...?

Yearbook staff

Our yearbook staff is really excited about, and working hard on, this year's book because we are with a new company and the book includes fall to spring of the current year and spring of 2002.

The craziness of the student parking lot after school is always fun and something to look back at and laugh about.

"Shadows"

Another year has come and gone
 And it's time to let friends go
 It's hard to let go of people you know,
 People you've shared years of your life with.
 As these friends leave
 More people step into our lives
 As we wonder what is to come
 We remember things that are past
 As we take another step in life
 We gain so much more
 So as we all move on
 To our lives to come,
 As we leave some things and gain others,
 We remember the shadows.
 Shadows of friends,
 Shadows of teachers,
 And shadows of times passed!
 These are our shadows,
 And each day forward adds another.
 Some think of them as memories
 But at Badger,
 They are shadows!

CROSS COUNTRY 2002

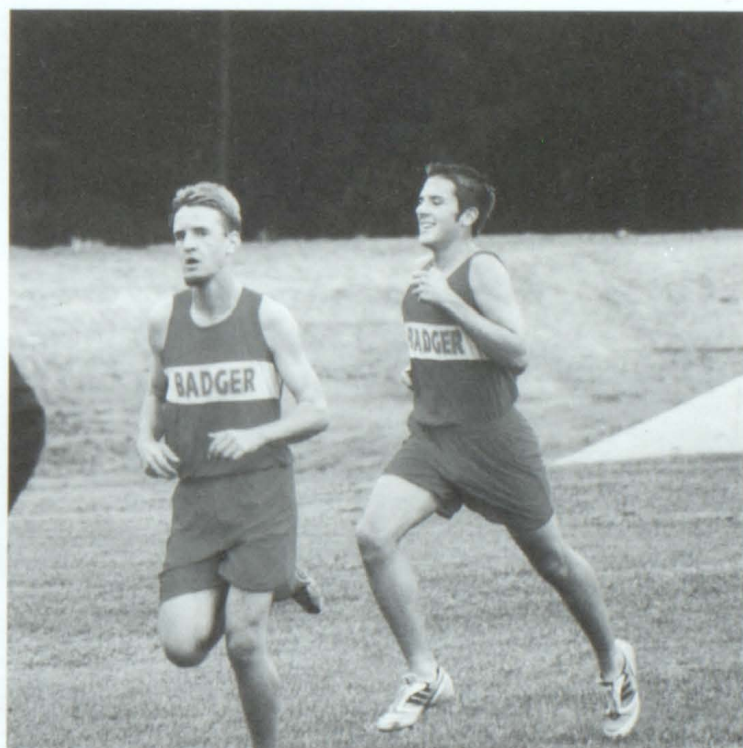

STRIVE TO BEAT YOUR BEST TIME!

Endurance is the key to success! Keep PUSHING!

An exhausted Mitch Logan tries to catch up on a few ZZZZ's

Girls' Cross-Country

Badger Girls' Cross Country team completed a very successful season this year, securing their place in school history as the first cross country team to ever qualify for the state meet.

Coached by Carrie Albert, they placed first in the TAC-8 championships with five runners earning all-TAC honors.

Other season highlights included third place finishes at the Boardman and Malone Invitationals, and a first place finish at the Sim Eavich Invitational.

The Braves were runner-ups at Districts making them eligible for the Regional competition in Boardman.

A very successful Regional event netted them third place and a trip to the State Meet in Columbus. Freshman, Samantha Bonar, placed eleventh at Regionals, also qualifying individually for the state advancement.

With only one senior team member, this young team placed thirteenth in the state with high anticipation for the upcoming years.

French Holiday Tradition

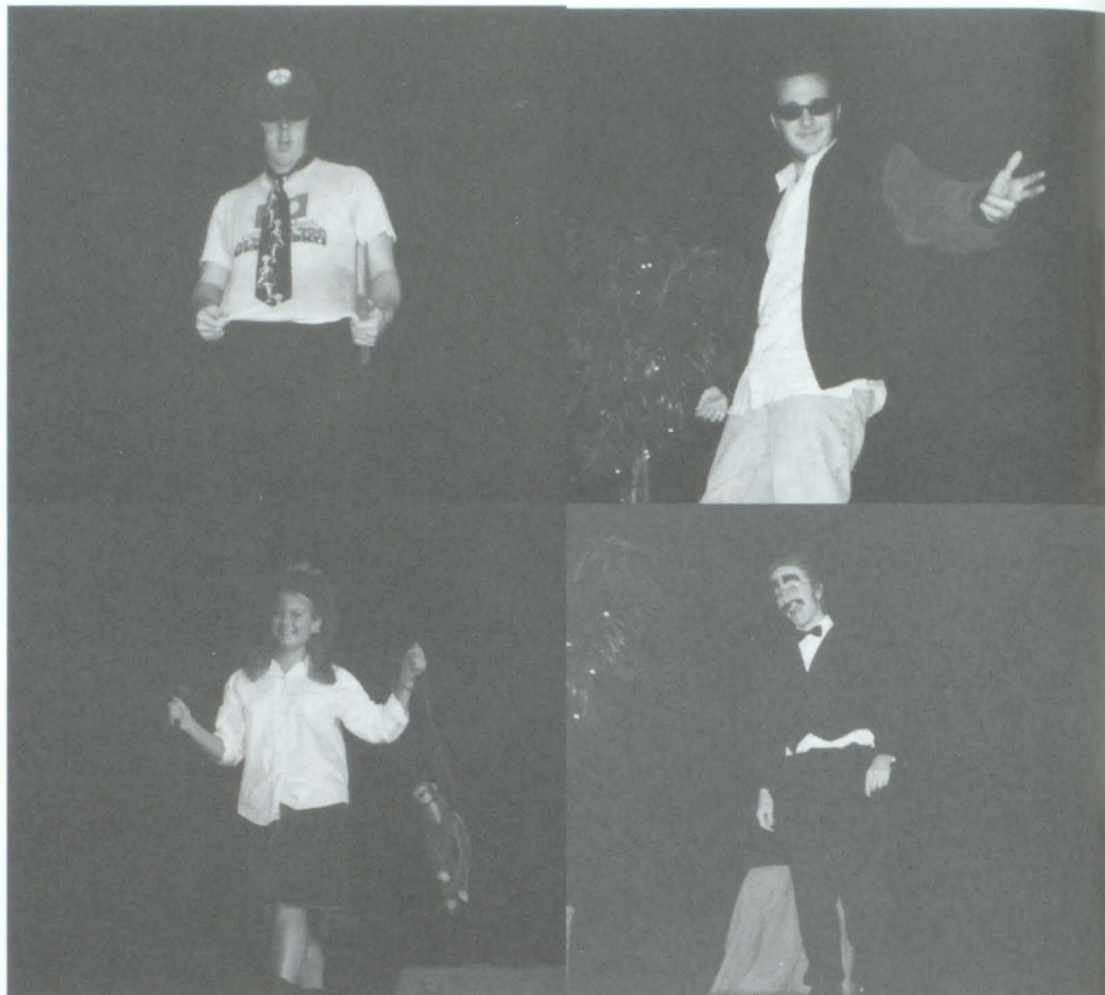

This past year the French classes made "wooden" shoes to put outside the door to be filled with candy by St. Nicolas. This is a tradition that is celebrated every year in France.

Hard at Work!

Hundreds of hours go into the creation of our 2003 Yearbook!

Even when the server was erased, our staff never gave up! Autumn Hoffstetter spent her seventh period study hall working on the Yearbook.

Rebecca works 5th period. However, she refuses to have her picture taken!

Tomi and Brittany

Tomi worked on the yearbook every day from 10 until 2 for the first two weeks of summer vacation.

Brittany worked on yearbook daily during her lunch period. Thank you ladies!

Seniors take a special interest in Yearbook!

Melanie Beil, our 2003 editor, sorts through pictures in order to capture the history of her SENIOR YEAR!

Nicole Birrell reviews the SENIOR portraits. Unfortunately, we did not have a picture for every SENIOR here at Badger High.

Crysta Thomas is an enthusiastic volunteer! Clearly she enjoys working on the yearbook *each* and *every* Wednesday evening of the year! We *sincerely* appreciate her dedication!

Even members of the Yearbook staff can be camera shy!

Heather Hartman smiles and Elizabeth Burr hides her face from the camera while they discuss the content of a sports spread.

CAREER DAY

Badger High School's second annual Career Day took place on March 13, 2003. Over thirty different speakers visited our school to share career planning information with our students.

2003

“

WHAT DID YOU ENJOY?

"I enjoyed being able to give advice and being able to talk to the kids."

Amy Srbinovich, Elementary Education

"I enjoyed the students' interest in the field and being able to educate them about it."

Carol Wilson, Radiology

"I enjoyed the students asking me questions about nursing. I also enjoyed their (students) input."

Lanette Middleton, Registered Nurse

"I enjoyed talking with the kids - finding out about their ideas and plans for the future."

Susan Kidd, Store Manager

"I enjoyed interacting with the students. I was very impressed with their interest."

Mark Salopek, Architecture

"I enjoyed meeting and speaking with Susan DeLeo. I am very interested in being a news anchor and going into a career in this field."

Alivia Nuzzo, Sophomore

"I enjoyed the fact that they freely gave us information about their careers and were happy to answer our questions."

Linx Waclaski, Freshman

"I worked as the State Director of the Department of Mental Retardation & Developmental Disabilities at Buckeye Boys' State 2002. In those ten days that I now look back on as the best ten days of that summer, I oversaw all activities that concerned the mentally retarded at Buckeye Boys' State. Our major projects included building a high school for the developmentally disabled and a stadium to host the next year's Special Olympics. We also passed a law that protected the BBS, which was an extremely positive experience that I wish I could do again. In just over a week's time, I learned so much about how the government runs on the state level and had fun doing it."

~Austin

"Boys' State was a great experience, from the making of new friends to learning of our state government. I'd do it again, if it weren't for graduation, so I'll have to settle for my memories of those enjoyable nine days."

~Andrew

"Boys' State was quite an experience for me. The first few days were full of a hard work and no privileges. I called home many times begging my mother to drive all the way to Bowling Green University to pick me up. Imagine 90 degree days with no air conditioner, no girls, and no ESPN! But during the nine days that I was there, my attitude changed a lot from when I arrived to when I left. Making new friends and learning about local, county, and state government may not seem like fun, but it was an experience that I'll never forget. All of the hard work paid off during those nine days when I received an Outstanding Citizen Award. The Boys' State motto: "A week to shape a lifetime" held true as I rode home thinking of the friends I made and great experiences of Buckeye Boy's State."

"Girls' State was a week filled with learning, fun, eating, and unforgettable friendships. During our week at Ashland University, we went through numerous mock government actions to understand how our government functions. Before we left we had a picnic where we all joined in on the fun and games. We competed at volleyball, hula hooping, and sack races, to name a few. We ate delicious food constantly: in fact as soon as we were done eating one meal, another was getting started. I think we all gained 10 lbs. The friendships we made will never be forgotten, because every girl at Girls' State was a pleasure to be around and so open. All in all, it was a wonderful experience.

I would like to take this chance to thank the American Legion Auxillary and the B.P.O. for giving us the chance of a lifetime."

Remembering the Balloon Launch and Hat Toss

Balloon Launch

Directly following graduation each year the graduates go out to the baseball field for a balloon launch. Each graduate is given a balloon in one of the colors of their class and everyone releases his or her balloon at the same time. It's just a simple tradition, but everyone loves it.

Hat Toss

Each year the graduates also have a hat toss. This year they formed a circle and looked to their class president, Matt Riley, to lead them. Matt yelled the count down and they all threw their hats in the air and cheered.

Remembering Graduation Practice

Hangin' Out Before Practice

The Friday before graduation all the seniors gathered in the gymnasium to walk through the ceremony for Sunday. The time was spent hanging out, talking to old friends, passing out open house invitations and discussing the upcoming events of the summer. It is something none of them will soon forget.

Hangin' Out Before Practice

Graduation Practice served for some as a time to reflect and sit back and observe their classmates mingling among one another. Practice can be almost as memorable as graduation itself.

Graduation

Good Luck to all the graduates as you go off to college, to work, and into the service. We are all proud of you and wish you the best in everything you do.

Many family members, friends, and fans from the community turn out to show their support for our boys as the team heads to Canton to take on Loudonville.

H2O!

The 2001-2002 basketball season was a special year. Led by a group of young men dedicated to their sport, the Braves completed a magical run that ended with a T.A.C. 8 championship and a berth in the Canton Division III Regionals. Perseverance, Pesistency, and Preservation were key qualities to this team. They will surely be remembered as one of Badger High School's finest. Thank you for bringing life back to your school and your community.

With fondest memories,
Coach Bogan

Last year was the greatest year in 20 years for boys' basketball here at Badger. I still can't believe it happened, looking back at our great run. Every moment was fun. First of all, our fans were great! They were behind us no matter where we went. Our student

section was the best by far! You guys don't know how much you helped give us energy during games. Second of all, Coach Bogan was the greatest coach anyone could have asked for. He made sure that we were going to accomplish goals that we set before the season. Although they didn't all come through, he let us know how proud he was of us. Last, but certainly not least, my team. We all stuck it out. We survived a few close games and we showed what can happen when you come together and just play your role on the team. You guys are great. Thanks a million. Some words of advice for the future teams: we built this program up every year. Every year we got better over the summer. Now I'm asking that you guys continue to build it up to the ultimate goal: a State Championship! Thank you to everyone involved who helped make last year possible and may God bless you all.

of wisdom from our fel-

"The obligation for every class is to build a feeling of oneness, to truly believe in one another...hence the result is not found in the work of each individual but rather in the work of all."

"Our Little Miss Sunshine"

You've been our "Little Miss Sunshine" from the day you were born,
Filling our home with laughter and joy.
Into a young woman we've watched you grow,
Strong in character and faith that you gladly show.
You're lovely and kind, blessed with many talents and a good mind.
You've always filled our hearts with pride
And our love for you will always abide.
Now let God be your guide as you journey on with your life,
Sharing your "sunshine" with all whom you meet.
Then the success and happiness you truly deserve,
Will most certainly find its way to you.

Love,
Mom, Dad, and Nathan
