Board Of Education

JOSEPH BADGER SCHOOL DISTRICT

When we first came to B.H.S. we were more than a little afraid of what we would encounter and all of the nightmarish tales about vicious teachers that we had heard didn't serve to boost our confidence. As time passed, though, these rumors proved false and we began to form lasting friendships with members of the faculty.

As in any friendship, we've had our problems. Surely there have been times when you wondered if we'd ever get a grasp on those theorems and formulas, or understand the difference between gerunds and participles. More than one of us had nightmares about term papers and tests, and we've spent some anxious moments outside the principal's office. There were also times when we were convinced that your sole purpose for existence was to pick on us. But we've all survived, and we've come to realize that you only pushed us to make us reach our full potential.

For all your caring, understanding and encouragement, we'd like to extend a heartfelt thanks. You've made these past four years very memorable for us. As we leave Badger, we'll remember you not only as the faculty, but also as our friends. That's something that no one can ever take away.

We'll never forget you!

Love,

The Class of 1990

dreams are
achieved by those
who believe

The past four years have been challenging, filled with frustrations but also with lasting friendships and achievements. Coming together from three different schools, it took time to combine all of our individual personalities into a class that worked as a unit. Once this was accomplished, however, we worked together and supported each other in pursuing our dreams. Though we've had many setbacks, through hard work and with the help of many dedicated friends and faculty members, we have surpassed many of our expectations and we continue to reach our goals. On behalf of the Class of 1990, we would like to extend a heartfelt thanks to the faculty and our friends who encouraged us along the way as we bid a fond farewell to this chapter of our lives and say goodbye to our years at B.H.S.

Nick Moro

Our Foreign Exchange Student

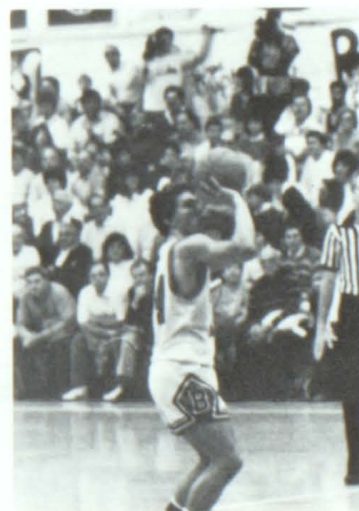

I'm a young man from outside of Venice, Italy, and I decided to come to the United States because I like the ideas this country stands for, I like to meet new people, and eventually, to learn a new culture. I am having a very enjoyable time at Badger. It is wonderful to have the chance to do something here. At the beginning I had a tough time and some problems due to the language and the new situation. However, I did not give up, because I know that it's up to me to fit my qualities into the new system and to overcome the difficulties as part of my experience as an exchange student. All the guys in my classes and the teachers, who, by the way, are much more easy going than in Italy, helped me in getting involved with things around school. Being part of the basketball program will be an unforgettable experience. I do believe we members of the varsity team and Coach Stevens made a special commitment which is why we had such a good season. I want to thank everybody who is nice to me, and Coach Stevens, who gave me the possibility of joining the basketball team. I hope I have given something back to this school. I realize that my experience is important for people to know about, so I try to do my best in every circumstance. In closing, I promise I'll come back here some day in the future to see my new friends, and reminisce about old times.

... this is hard?

All of the cross country seasons have had their unusual and memorable moments, but this had some of the best. Our regular season runners, Jeremy, Ron, Jeff, Shawn, Shannon, and Joe, did a great job for the team. We had an addition near the close of the season. This was the boys' golf team. Dan, Brian, Dusty, and Cody contributed a lot. Thanks! They had a great victory in third place at the Trumbull AA League meet.

The girls also had an exciting season. We didn't take any big victories, but we had a lot of fun. Sherry, Dana, Tracy, Becky, Jodi, Kellie, and Christina enjoyed all those cold and rainy days. Next year, we can all look forward to running districts in the snow, again.

B GOLF YS

The 1989 Badger Boys Golf season was one of excitement. Marked by many ups and downs, it provided happenings of all kinds. The season began with a slow start, which saw two losses due to the tie-breaking 5th man's score. Entering the middle portion of the season, the Badger hackers caught fire, winning 6 out of 7 matches in this stretch. Cooling down considerably, the final matches of the regular season were somewhat disappointing, and were topped off by a poor showing at the sectional tournament which resulted in no further advancement of team nor player. Though not overly successful, the Badger Boys Golf Team of 1989 was a fun-loving one which, in the midst of competition, never lost sight of the element of enjoyment.

VARSITY SOCCER

The soccer program took a giant step forward in 1989. With the addition of a JV soccer team, the players gained experience in game situations. The team was coached by Mike Jones, who led them to a 4-5-2 season. The JV team will insure that Badger will continue to be competitive in years to come.

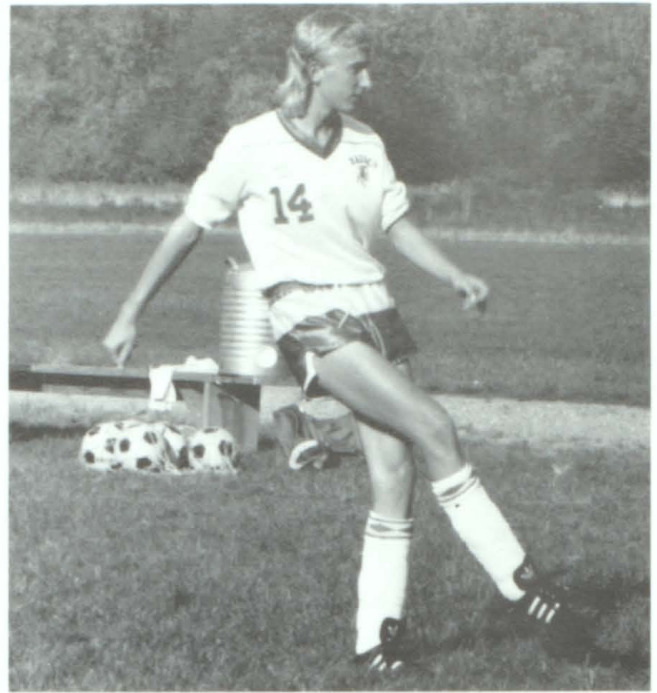

The Varsity team, coached by Jose Pinheiro, had a record-shattering season in all aspects of the game. The offense, led by Todd Cratsley (9 goals) and Darren Stanhope (8 goals), doubled our goal output from 18 in 1988 to 36 this year.

We broke our team record for most wins with 5, even though our schedule-strength was greater than it was in the 5 previous years. There were many high points during the season but there are three that stand out the most. One of them was a 4-0 win over Warren JFK. This was the first tough team we beat and it

gave us a lot of confidence. Another one was a 0-1 loss to Poland. We were able to hold our own against a team that eventually played in the Div. II district finals against Canfield. The last one was our outstanding effort in an 0-2 loss to Hubbard in the tournament. This was our first ever appearance in the state soccer tournament.

As far as individual accomplishments, our captains were Todd Cratsley and Todd Stanhope. Scott Johnson was the alternate. We had two players selected to the Trumbull Div. II All-Stars. They were Scott Johnson and Todd Stanhope. The team awards went to Tim Burns for Most Improved, Brad Powell for Best Sportsmanship, and Todd Stanhope for Most Valuable Player.

What is Class?

Class never runs scared. It is sure-footed and confident in the knowledge that you can meet life head-on and handle whatever comes along.

Jacob had it. Esau didn't. Symbolically, we can look to Jacob's wrestling match with the angel. Those who have class have wrestled with their own personal "angel" and won a victory that marks them thereafter.

Class never makes excuses. It takes its lumps and learns from past mistakes.

Class is considerate of others. It knows that good manners are nothing more than a series of petty sacrifices.

Class bespeaks an aristocracy that has nothing to do with ancestors or money. The most affluent blueblood can be totally without class while the descendant of a Welsh miner may ooze class from every pore.

Class never tries to build itself up by tearing others down.

Class is already up and need not strive to look better by making others look worse.

Class can "walk with kings and keep its virtue, and talk with crowds and keep the common touch." Everyone is comfortable with the person who has class—because he is comfortable with himself.

If you have class, you don't need much of anything else. If you don't have it, no matter what else you have—it doesn't make much difference.

Basketball is known to many people as "putting the ball through the hoop," but basketball is more than that. Basketball is a sport that gives a player a way to show their coordination, skill, dedication, and responsibility. If each player does each of those, they will develop motivation. I believe our team displayed these qualities, and this helped make our season special.

Pres.

Badger Teens Care is a group of students dedicated to the prevention of the abuse of alcohol and drugs. We have striven this year to make Badger students aware of the danger of drunk driving through Grim Reaper Day and the speaker, Greg Parkhurst. We have also been to the elementary schools, performing skits and plays to teach younger children about the danger of drug and alcohol use. We have had a lot of fun through our activities, but more importantly, we hope that we have made Badger students think about the dangers of drugs and alcohol and that we have influenced your decisions about these substances for the better.

KIM KARR:
A WISH FOR MY GROWING DAUGHTER

MONA DUNKIN

True beauty comes from within, and although you are lovely on the outside, may you be more concerned with developing inward qualities. To have beautiful eyes, look for the good in every situation. To have lovely lips, speak words of kindness and exhortation. To have delicate hands, reach out to help those in need. To have graceful feet, walk in harmony with your fellowman. To be eternally young, laugh at your mistakes and retain the exuberance of childhood. To live life to the fullest, may your heart overflow with love. Love, Dad and Mom

Our Teachers
at their
Best!

Goodbye!

We worked on this yearbook making it special for our class. Through hard work, dedication and long hours, it has been completed with our satisfaction. After putting the yearbook together, we look at it with a different view knowing how difficult it really is to organize something so complex. We feel as if the yearbook is worth all the time and stress put into it. We hope you enjoy it!

— The Yearbook Committee
