

# Report on Student Musician

Breakfast

Sandy Quine

Aug 2015

---

- We had a very successful student breakfast on July 6<sup>th</sup> and received a standing ovation by the students! It doesn't get much better than that! A very special thanks to all associates and friends for their contributions and to our wonderful team of Jean Smoyer, Lorraine Sawronski, Skip Crooks, Peggy Kearns, Polly Cocker and others who stopped by & gave a hand.
- We had many delicious contributions and many people gave more than one offering.
- 4 or 5 of our Associates who donated great things last year have moved to retirement living and did not participate this year. One of them was Hal Dower who made 60 fruit kabobs that the students gobbled up. So next year we'll have to have more donations of fruit salad. So perhaps some of you could plan a fruit salad making party?

- We had great baked items and although we seemed to have some left over, I was still there when they returned from practice for their 2<sup>nd</sup> attack on the foot!
- In summary a big problem has been our loss of associates & thereby contributions which makes it difficult for the coordinators of the breakfast. Also to contribute cold cuts & cheeses can run over \$30. So some contributions are more expensive than others.

Also I live in a small cottage in a small cottage in Eastbrook with NO TV; no cell phone service, no WIFI or cable hookup for my computer. So to send a letter on my computer I had to go to Ellsworth which is 42 miles round trip. Therefore Jean & I might be doing a little more telephoning next year or we might resort to Morse code, smoke signals or Tom TOMS!!

- For the future we might consider a pancake breakfast where all we would have to ask for would Aunt Jemima, butter & syrup. You could discuss this or wait till the June meeting. Thanks to my predecessors especially →  
over

nancy Hill, Charlotte Draper & Peggy Kearns  
nancy passed down organized plans  
that were a great help.

See you all next year or  
maybe sooner
