My Dear Mr George.

I am sending to you by express today a package of baskets for your approval. I have enclosed one exceedingly fine Shinkit basket, in fact so exceedingly fine that I have seen nothing quite so good for some time. The stitch in the very old Fraser is much finer than anything else I have in stock.

The two Chilcootins may interest you, if not you may return them.

Hoping the package will reach you in good order.

Yours Truly, Louis
