

Lincoln, Nebr., July 14th, 1915.

Mr. Harry L. George,
201 Saxton Bank Building,
St. Joseph, Mo.,

Dear Mr. George:-

I have secured a very nice and rare necklace made of Deer vertebra which I doubt if you have one similar, as it is the only one I have ever had. It is from the Flathead tribe, Montana, I am sending this to you by parcel post for your inspection and if you desire it you may have it at \$5.50.

Very truly yours,

P.S. I have a very large Buffalo hide rattle, pear shape, painted red with a picture of a bird, a bears foot and a buffalo's fore leg painted on it in black, with a feather pendant at \$4.00. Do you want it?

Property of St. Joseph Museum
