Today was another clear, hot & humid day. The temperatures today were low about 71° high about 92°. This evening Beart & I drove down to Alicea for a few minutes. After leaving there we accidentally tumbled onto the Pigeon Hill Wildlife Area. It is so close to Alicea that any birds I see there I will list as P.H. for Pigeon Hill. Actually, the Interstate Highway 29 is the only thing dividing the Wildlife Area and Ralph & Alicea farm. I don't know how large an area it is, rather small I think but has a good stand of large trees.
