Mr. Walter Hannabass
215 North Main Street
P.O. Box 1103
Springfield, Tennessee 37172

Dear Mr. Hannabass:

I am typing up the information I passed along to you in my E-Mail. If you have any questions, please let me know.

My winter intern has completed the scanning of the two photograph albums, loose photos and postcards that you donated last fall. Please find enclosed two flash drives. On these drives, the images are divided into folders *Tootle Album I*, *Tootle Album II*, *Tootle Album Postcards* and *Tootle Album Loose Photos*. In the folders, you will find that we have scanned the images at 3 different dpi's. The higher the number, the better quality. You will also find in the case of the albums that we scanned the whole page. This is how we scan the images for digitalization here at the park and this will give you several options if you want to send images by E-Mail (200 or 300 dpi) or have the images printed (600 and 1200 dpi). The original photographs and albums will be stored in our Petersen Center Library here in Mackinaw City. Please let me know if you wish to come view them at anytime.

Thank You,

Brian S. Jaeschke
