COMMENTS:

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or printed text on the paper. A faint vertical margin line is visible on the left side, creating a narrow left margin. The paper appears slightly aged or off-white.

[illegible]

Swainsons Warbler

[illegible]

COMMENTS:

This bird was both seen and heard singing at the same time in Big Oak Tree State Park at about 9:30 AM by myself, Dave Easterla, Jim Haw and his dad. Big Oak Tree State Park is the last known nesting area in the state for the Swainson's Warbler. We covered the area pretty good and this was the only Swainson's Warbler heard or seen on this day possibly the one of the last nesting pair in the state of Missouri. In Missouri the bird is known to nest in low areas where cane is growing. The habitat here in the park is gradually being destroyed.
