Mr. Harry L. George,

St. Joseph, Mo.,

Dear sir:-

I have your favor of the 13th., and am sending you the saddle by Adams Express.

I note what you say about not wanting one like the one you have and while the one I am sending you is similar, it is a fine old specimen and as you will see has buffalo hide seat and girth while they are usually of raw-hide or rather steer hide. I have never seen one of the high pommel saddles made of horn, although have seen them made of wood, in fact I thought all of those sort were made of wood on account of the shape of the pommel.

I believe you will agree with me that this is a good old specimen and has the stirrups attached, which is not always the case on old saddles.

This saddle was in use at the same time the other one I sent you and as I told you was secured from the Sioux twenty five years ago.

I will make you a price of \$13.00 on this saddle which is \$2.00 less than the other one and which is very reasonable for this class of relic.

Trusting that same is satisfactory, I am,
Very truly yours,

Grant Thornburgh
