All Shifts

Laundry is not to be thrown from 3rd floor to ground. It's a dangerous practice.

Please put trash in plastic bags and take to ~~trash collection~~ trash pickup Box. Please tie bags so trash isn't blown all over grounds.

When beds are stripped it's the responsibility of the shift stripping beds to get linen to ground floor.

All shifts should empty their own trash at end of their shift and have ward clean and in order. Please all shifts cooperate.

Thanks, J. Trout R.N.
