Today was mostly cloudy with a small shower this afternoon. Pearl & I left home this morning 7:45 a.m.

First we drove over my (Frazier) Breeding Bird survey route especially to try for the Bobolinks and Upland Sandpipers but we failed on each of them.

We then went on down to Smithville Lake where we made the rounds. We were back home at 1:15 p.m.

Friday, July 16, 1982

1	Mourning Dove	3	X
2	Nighthawk	1	X

Today was clear, hot but not so humid. The temperatures were low 67° high 82°. I stayed home all morning and then at 11:15 P.M. I had an appointment with Mr Caryl A. Potter for a checkup. I had been two years since I had been in for a check-up. Mr Potter says I seem to be in real good shape. He used a stethoscope on me, had a blood pressure check & had an electrocardiogram. It was 4 P.M. when I got out of the office. Pearl went with me.

This was a nice day as my bird list indicates. I got up this morning at 4:10 AM. Mike McKenzie picked up Ken Jackson at 5:20 AM & then on over & picked me up at 5:30 AM. & we headed directly for Squaw Creek. Mike added five species to his lifelist. They were Snowy Egret, Yellow crowned Night Heron, Least Bittern, Black billed Cuckoo & Sedge Wren. The Snowy Egret was a new Missouri bird for Ken. We were back home at 12 Noon. This evening early Pearl & I took a short drive east, then north & back thru Savannah, Mo. The temperatures were low 63° high 85°

Today was clear & cool early A.M. but warmed up fast. Clear & pretty hot the rest of the day. Temperatures were low high, Pearl & I took our drive this morning thru Bluff Woods & back by the Lakes. Then late this afternoon we drove to Squaw Creek and stayed there until 8 P.M. We were back home by 9 P.M. I now have to get ready to go to the K.C. Airport tomorrow morning to pick up Lois. I'll be glad when she is back home to stay.

Monday, July 26, 1982

1	Redtailed Hawk	1	Hy I29
2	Rock Dove	6	X d.t.
3	Mourning Dove	5	X - Hy I29

41	American Goldfinch	20	X-	mostly near Sm. L.
42	Grasshopper Sparrow	3		near Sm. L.
43	Field Sparrow	5		near Sm. L.

Today was mostly clear + not so hot or humid as it has been. This morning Larry and I left home about 7 am. and drove to Smithville Lake. Larry hadn't been there since the park areas were open and I wanted him to see what the areas were like. We made the rounds and then headed back. We wandered around some on country roads coming back home. Most of the birds listed ~~as~~ "everywhere" were along roadsides both going and coming. The temperatures today were low 59° high 83°. I think that Larry really enjoyed the ride and the look at the lake.

Friday, July 30, 1982

1	Great Blue Heron	6	LC-HL
2	Green Heron	1	South of town

To day was clear & hot. The temperatures were low 61° high 92°. Pearl & I left home at 5:40 A.M. & drove directly to Squaw Creek. When we arrived there about 6:30 A.M. it was perfect for birding but as the sun came up it began to get hot fast. We left there about 9:45 A.M. I drove past Big Lake, down (T-hy) the River road from Forest City to State Hy U, near Jorbea, Mo and from there into Honey Creek Wildlife Area and then thru Amazonia and on home. We got home at 12:30 P.M. We stayed home the rest of the day.

Today was clear, hot and humid. The temperatures were low 75° high 95°. Except to drive down town to the bank this morning & then back around the boulevard and through Krug Park, I stayed home all day. Pearl mowed almost all day and I also worked outside quite a bit. The heat almost got me this afternoon. Our high temperature reading here at home today was 98°.

54	Field Sparrow	3	BW

Today was mostly cloudy, very humid but not so hot.
The temperatures were low 71° high 84° This am.
Pearl & I left home at 7 am. & headed for Bluff Woods.
We drove several of the roads there & spent more time
looking and listening for birds. We came back by the
lakes on our way home. There isn't much in water birds
around the lakes yet. We got home at 11:30 am. This
evening we left home 7:50 PM. & drove to Forest City,
Mo. and from there came back toward home by way
of (State Hy T) the River Road especially for Chuk-wills widgeon
and Whip poor will. We were surprised to see a Barred Owl
sitting in the middle of the road.

Today was clear + cool AM, warming up around mid day & cooling down again this evening. Pearl + I took a drive this morning up Amazonia Road through Amazonia on up to the Honey Creek Wildlife Area & then back thru Nodaway & Amazonia & on home. I stayed home all afternoon. The temperatures today were low 64° high 86°. This morning at Honey Creek Pearl + I saw a nice sized Copperhead Snake. It was the first one I had seen in several years. Also at Honey Creek we saw a doe deer with three fawns. There is no way we could tell if all three of them were hers or not but they were all about the same size and all went with her.

Today was cloudy all day with rain most of the day. Mostly lightly. We have had about $\frac{3}{4}$ of an inch of rain on my rain gauge. The temperatures today were low 55° high 62°. This morning Pearl, Chad and I took a short drive up to near Nodaway, Mo. We checked two small mud flats along the Amazonia Road. Our farthest point was the "Nodaway Island Missouri River Access". Actually it isn't an island but a boat access to Missouri River owned by Mo. Conservation Comm.

Today was cloudy, humid but not too hot. The temperatures were low 61° high 72°. We had rain most of the night and by my rain gauge during the past 24 hours from 6 AM yesterday to 6 AM today we had 5 1/2 inches of rain. Kansas City had it much worse than we did. They had 12 inches of rain in most of K.C. In Raytown they had 15 1/2 inches of rain during 24 hours. Four people died in K.C. as a result of the storm. Three of them drowned. Many of the roads in Kansas City the roads & highways were covered with water and thousands of homes and trailer homes were ~~ruined~~ ruined. We didn't have any rain today but the forecast for tonight is a repetition of last night.

Today was cloudy + cool all day but no rain. We do have a forecast of rain, heavy at times for tonight. They are having thunder storms now 10 P.M. at Topeka, KS and it is moving east-north east. Temperatures today were low 60° high 70°. Pearl + I took two short drives today. This morning east to Easton, Mo and back. Then this afternoon we drove up Amazonia Road to near Nodaway to get a good look at the Missouri River.
