Dear Sir:

Replying to your letter of the 27th instant, in which you desire further information in regard to the value of these baskets, I will say that I will send you the very best basket for the money if you will send 35¢ or 50¢. The prices are according to size and the amount of work put on them. You can get a small work basket for about 50¢ and sometimes less, that is, of the wide splints, and the same size made of the very narrow splints and with a great deal of work would be about \$1.50. You can get the large clothes hampers, paper holders, corner baskets and baskets of almost every shape and size and at different prices. Of course, it would be better for you to specify the kind of basket you desire. A nice waste paper basket can be purchased for \$2.00. If you had one or two small samples you could decide better as to whether you desire any of these baskets.

5-00
1 Waste
1 Hamper \$1.50

Very respectfully,

E. J. Post
Superintendent.
