

Lincoln, Nebr., June 1st, 1914.

Mr. Harry L. George,
St. Joseph, Mo.,

Dear sir:-

Replying to your letter of May 29th and complying with your request, I am shipping by Adams Express today package, containing the Elk skin sun dance pictograph robe, Elk bone scraper, totemic spoon, and two gambling bones, all of which I think you will find very interesting and old.

You have the prices on all of these articles in my former letter and I will make you this proposition, If you take the entire lot I will allow you 2½ % discount from the entire bill for cash making the lot for \$120.00, otherwise if you wish to take the entire bunch and make two payments on same, half down and half in 30 days, which I think you will agree is fair.

I am letting the pictograph go knowing that I will not be able to pick up another one of its kind as I do not know of any more such pictographs with numerous figures on such as this has, and full of action as this one is, it is certainly full of action and a fine study specimen for a museum or large collection.

If there is any more information you desire in reference to any of the articles sent you, kindly say what it is and I will try and supply it.

Very truly yours,

Wm. Thompson
