Today was cloudy, damp + chilly all day. Temperatures were low 35° high 40°. Pearl went to Kansas City today with Ralph and Alice Jackson so I took advantage of that and went to Squaw Creek by myself. Most of the water areas were frozen over. I got back home at 3:30 P.M. Pearl got home about 5 P.M.

Today was a beautiful day. It was clear most all day and just pleasantly cool. Some roads were muddy but luckily most dirt roads were in decent shape. Leo Galloway picked me up at 6 AM and we headed for the Squaw Creek N. W. R. to participate in the Christmas Bird Count there. The above is Leo Galloway's and my contribution to the count. Leo saw a Winter Wren that I missed. There were only seven of us to make the count. They were Berlin Heck and Kenneth Grannemann of the Refuge, Dave Easterla of Maryville, () Grace of Albany, Mo and Tim Barksdale of Columbia. Tim will be the Compiler. Temperatures today were low 36° high 47°. Tim Barksdale and Grace had a Sandhill Crane and two Long-billed Marsh Wrens. Ken Grannemann says he had a Common Yellow-throat, Sedge Wren and Louisiana Waterthrush. The last two especially the waterthrush seems almost impossible.

it to warm is that today was our annual Christmas Bird Count. I would say that probably 90% of the area that Pearl and I covered was either gravel or dirt roads. Many of them were pretty muddy in places. Some places we couldn't get through or I was afraid I couldn't and we had to back track. I was really disappointed in my bird list. We had four parties in the field and my list was the smallest of them all. Ken Jackson banded by himself and he had the best list of all 43 species. Les Halloway with Mike Mc Kenzie was next with 39 species and Ival & Renee was next with 32 species. The temperatures today were low 32° high 50°

Today was clear & nice. The temperatures were low 25° high 46°. This morning Pearl, Chad and I drove down & thru Bluff woods, back by the lakes which were frozen over and back home. Now that the two week school vacation for Christmas is on we will probably have Chad or Ragan about ten of these days. After noon I took a two mile walk along the boulevard. It is the same two mile walk I took after I had my heart surgery in 1976.

Today was a dreary old day. I got up early this morning planning to go to Smithville Lake. It was so foggy it was hard to see any distance at all. Pearl & I finally left home at 9:15 a.m. We drove all the way to the lake, about 35 miles at speeds from 40 to 50 m.p.h. with the car lights on. It was afternoon before we could see much of the lake because of the fog. We never did get a good clear look at it. We got back home at about 3 P.M. Temperatures today were low 36° high 44°.

Today was mostly clear and cold but nice because of no strong wind. The temperatures were low 13° high 32°. Kenneth Jackson picked me up at 8 A.M. and we birded until about 3:30 P.M. We drove thru Krug Park, along the Missouri River for about a mile from down town St Joe north for about a mile, then down in the Lake Country area, by Sugar Lake, Bean Lake to Weston, Mo., then east to Smithville Lake and on back home from there.

Today was a beautiful day. It was clear and cool but no wind. The temperatures were low 20° high 33°. I stayed home all day. As this year ^{ends} I have to admit that it was a good year. I added only one species to my life list. It was the Hawk Owl which we saw at Waterloo Iowa.

in late January. It is a bird that isn't seen very much in the lower 48 states. Seeing the Alder Flycatcher at Maryville, Mo. in May was my only addition to my Missouri list. We saw lots of good birds in northwest Missouri but no accidentals. I did miss a few that I expected to get, several of them that were seen in the area that I did miss. I had 248 birds in Missouri, only four of them were not ~~on~~ or, my list from northwest Missouri, so 244 birds seen within a radius of 50 miles of St. Joseph isn't really bad. Leo Galloway had two and Ken Jackson had two and Berlin Heck had at least 2, all in northwest Mo. that I missed. Also Mike McKenzie had one that I missed. Of the four St. Joseph birders, Leo Galloway, Kenneth Jackson, Mike McKenzie and myself I had more species recorded from northwest Missouri this year than any of the others. Leo Galloway was real close and Ken wasn't very far behind. Leo was out of commission for near a month in late May and early June. Had he been active through that period he could have beaten me. Any way we all had fun. As for Mike McKenzie he is still primarily a hunter. He birds only when he is not hunting.

Dear H&R Block Customer:

Did you go to a different Block office this year? Or are you waiting to make an appointment with us to have your taxes done?

If you are still waiting, we know how things can keep getting put off. But we'd like to remind you that the sooner you put us to work on your taxes, the sooner it will be off your mind. And if you have a refund coming, the sooner you'll have it.

This is a year of major tax law change. Our preparers can explain how the new changes can benefit you. So won't you please call us today or, if you prefer, stop in at your convenience.

You are a very important customer to us, and we look forward to serving you again.

Yours truly,

Henry W. Block
President

P.S. This year, you can use your Visa or MasterCard if you prefer.
