Rufous Hummingbird

[illegible]

COMMENTS:

On the evening of 20 September 1984 Mr. Hensley McQueen called me that he had a very Rufous colored hummingbird at his feeder. He said that it chased away a Ruby-throated Hummingbird that was feed there. I told him that it sound to me like a Rufous Hummingbird male. He said that on checking his book he thought it was a Rufous. I made arrangements with him to come to his home early the morning of 21 Sept. I then called Joe Galloway & the two of us left my home at 7:30 AM 21 Sept. We were there in about 10 minutes when we got out of the car we saw a hummer in a tree and on turning our binoculars on it we could see that it was the Rufous. Mr. McQueen asked us into his house, we sat in his living room just about 6 feet from a window and we watched the Rufous Hummingbird come to feed two times in about ten minutes. The feedlet was about two feet from the window. Les called Mike McKenzie and I called Kenneth Jackson's wife to get word to Ken, Ken and Mike were both able to see the bird. Ken took some pictures of it. I don't know yet how they came out.
