Last evening Dave Easterla tried to get me but no one was at home so he called John Hamilton to report that he had seen two white winged Crossbills in the large grove of Pines west of Maryville where we banded last Sunday. I got up at 5 a.m. John & I left here at 6 a.m. & headed for Maryville. We did not find the white winged Crossbills but John and I were both able to count the long eared Owl on our life list. We didn't get home until 2 P.M. I guess I can't take the roughing and hiking like I used to. I was really very tired all afternoon. I don't know how I will make out on our 8 or 9 hour Xmas count. Today was a beautiful day. Low about 30° high about 58°

I birded by myself 8 a.m. till 10:30 a.m. at Kong Park. Pearl & I then took a drive through Ashland Cemetery and roads near Whse. I took the drive by myself on roads in Amazonia heights and Amazonia bottoms. I stayed in all afternoon watching football on television. Today was clear & cool all day. Low about 23° high about 40°. While at the Park this a.m. I saw four birds fly over that I believe were White-winged Crossbills. At least one of the birds had some red on it and one of the birds had white in the wing that I could see in flight. I never could find them again.

This was another beautiful day. Pearl & I birded this morning 8 AM till 1 PM. through Wishland Cemetery, near Wholesale in the 102 River bottoms and then on two

on three roads between home and Aragonia. While east of town Pearl and I saw two Coyotes. at 1 P.M. Dave Easterla called me and told me that he had seen the white winged Crossbills again this AM. so Pearl and I took off for Maryville again. The first bird we saw was the Red Crossbill which was new to all of us for this year but we wanted the white wings. Shortly Dave found them and while we were watching them John + Julie Hamilton pulled up and with them were Hugh and Sally Sprague. They also got to see them. We got home about 5:10 P.M.

This has been a beautiful day after a poor day yesterday weatherwise. Today was mostly clear. Temperatures low about 28° high about 38° . Pearl & I birded 9 AM till 11:30 AM out Mitchell Avenue Road and roads east of our wholesale area roughly about 30 miles of driving. I then took a short walk in Krug Park while lunch was being prepared. About 2 PM Pearl & I drove down Hunttop Road and over to airport. I sure hope we have as good luck birding tomorrow as we did today. Tomorrow is supposed to be our Xmas bird count.
