Dear Kathy,

It would be my pleasure to speak to your group concerning Abraham Lincoln.

As a founder of the Border War Society and a member of St. Joseph's Sesquicentennial Committee, which will commemorate individuals and local occurrences during the Civil War, I have a prepared presentation concerning our 16th President entitled, "Lincoln's War Speeches."

The main focus of the presentation will concern social, political, and battlefield events surrounding the Emancipation Proclamation and the Gettysburg Address.

It is a subject I enjoy and hope your audience will also.

Regards,
Bob Ford
