Mr. Harry L. George,
St. Joseph, Mo.

Dear Sir:

In regard to the Baskets when I sent them to you I gave you bottom prices I have several parties since that wanted them. If you will take them all I will knock ten dollars off the bill. The prices I gave you before in other words you may take them at the prices I gave you before that is one or any part of them or you may return them you will never get a chance like those at such prices

That Burden Basket is worth \$100.00 and the old water bottle

I don't see why you hesitate when there is no more like them in the country

I want you to attend to this matter as soon as possible as I expect to take a trip to among the Indians (Indian Reservation) if I get anything will give you the first show

Respectfully yours,

U.D. Letton
