I left home at 7:30 a.m. I drove to S.Q. by myself via Amazonia Road, past Honey Creek area & on to S.Q. I got back home at 12:30 p.m. I did this so that I could go to the hospital this afternoon and evening to visit Pearl. She was feeling pretty punk this morning but better this afternoon. The rain had made it muddy at B.Q. & was a little hard getting around. I saw three deer and one coyote.

Today was another wonderful day weatherwise. It was clear & cool. Temperatures were low about 50° high about 80°. I took an hour and a half drive this morning east of town and then this afternoon I went with Si & Morya Rositzky to Honey Creek & Squaw Creek. Got home at 9:40 PM. It seemed unusual to take my Sunday 9 AM drive without Pearl. I just hope that she is able to go for a ride within two weeks.

 Today was clear + nice. The temperatures were low about 65° high about 81°. Many of the birds are either leaving or they are not singing or showing themselves because today I was out side as much as usual on a working day and I covered as much territory as usual but I came up without Martins, House Wrens, Chickadees, only one Indigo, one Meadowlark, no Mockingbird, Red wings or Cowbirds. The Ten Bob White was a small covey. My first one since spring.
