Today was cloudy all day. Today Pearl's side of the family had a reunion at our house and this afternoon my side of the family had a reunion at K. O. Park. Also the St. Joseph Audubon Society and St. Joseph Museum had a 3-bus load trip tour of the Squaw Creek National Wildlife Refuge. I was one of the guides on one of the busses so I missed the reunions. Temperatures today were low about 66° high about 75°. As for waterfowl it was a successful tour.
