Today was cloudy and rainy all day long. Temperatures were low 52° high 69°. It has stopped raining this evening and the forecast is for it to clear off & get colder. We had a leak on the flush tank on our toilet so I spent about two to three hours working on it about mid day. This morning I drove to Lake Contrary by myself. I was surprised at the ducks there. I had to hurry back home from there so this afternoon Pearl and I took a drive over to the Airport and then down past Lake Contrary, Muskrat and Horseshoe Lakes. The roads in places was pretty muddy so we hurried home from there.

Today was mostly clear (some cloudiness) a light wind and getting warm this afternoon. Temperatures today were low 55° high 68°. Pearl & I left home at 7 a.m. and headed for Smithville Lake to join a group of Kansas City birders for a day of birding. We bided with them until noon and then Pearl and I bided by ourselves from noon until 3:30 p.m. when we headed home. There were many birds on and around the lake but too many boats on the water kept the waterfowl always on the move. It looked like some of the boaters deliberately flushed them.

we got home at 4:20 p.m.

Today was partly cloudy, very foggy early A.M., not much wind, very humid and warm. The temperatures were low-53° high 79°. Pearl & I headed for Squaw Creek this morning just at day break. It was so foggy part of the way on Interstate 29 that I drove only by watching the white painted lines and dashes on each side of the lane that I was driving in. I could not see the roadside on either side of me. Luckily when we arrive at Squaw Creek there was very little fog there. Even that early though there were many people there even ahead of us. I'll bet there was somewhere from 200,000 to 300,000, maybe even more waterfowl. Blackbirds were also seen in enormous flocks. We came home early arriving here at 11:30 A.M. The month of October was one of our driest for the year. Even so we were a bit above normal. We had 2.70 inches and our normal for October is 2.42 inches. Up to this period for the year we have a total of 42.28 inches and our normal for the first ten months is 33.01 inches. We had a few cold mornings but I would ^{say} temperatures were about normal for the month. There were many beautiful days.

Today was cloudy with a fine misty rain almost all day. The temperatures were low 54° high 74°. Pearl & I made our regular drive this morning. I feel sure we could have seen more birds had it not been raining but also the hunting season starting day before yesterday on ducks + geese and the hunting season on Bob White and Pheasants started today. In addition the season was already open on Rabbits and Squirrels, the season on doves was open through yesterday from Sept 1st, and the bow hunting season is open now on Turkeys and deer. All of this combined has pushed some of the wildlife on south. I spent all afternoon and then this evening with Larry helping me on putting new faucets on our kitchen sink.

Today was partly cloudy, luckily no rain, and cool. The temperatures were low 45° high 60°. Pearl + I went to Bluff Woods this morning and then back by the lakes. There is very little water down now at the lakes other than the Coolt. We didn't have to pick up Ragen from School today so after lunch we took another nice drive up thru Amazonia + then out east of town and back home. My best bird today was the Winter Wren.

Today was clear, cold and windy. The temperatures were low 32° high 45°. Pearl & I took out drive this morning just down to Bluff Woods & back home. After lunch Les Galloway called me & told me he was going to Maryville, Mo. to look for an Oldsquaw Duck & Greater Scaup that Dave Easterla had seen a day or so ago. We found the Oldsquaw and there were quite a number Scaup but the wind was so cold and strong and the ducks were quite a way off out in the water we ~~did~~ could not be sure.

Today was clear, windy and cold. The temperatures were low 25° high 35°. At times today our wind chill index was barely above zero. Les Galloway picked me up at 7 a.m. & we headed for Smithville Lake. We birded fields, wooded draws and roadways untill near noon. We ate lunch then and birded around the main part of the lake untill near 2 p.m. and then headed home. There were many ducks on the lake but because of the wind and the light waves from the bright sun on the water we couldn't make them out.

 Today was clear + cold but luckily no wind. The temperatures were low high. I did not go birding this morning at all as I had several small jobs I was trying to catch up on. This afternoon Pearl and I drove to Squaw Creek to meet a group of "Birders" from St. Louis, Mo. There were probably a dozen or more of them. They are staying out until Sunday morning.

Today was clear + real nice. Rather cold early A.M. and warming up nice this afternoon. Temperatures today were low 28° high 60°. Ken Jackson came by + picked me up at 7 A.M. + we birded from then untill about 4:30 P.M. We birded at Krug Park, Ashland Cemetery, out Cook Road area, on out to the Eastern Road area near the Platte River, back through St. Joseph + birded areas around Amazonia, on up + through Honey Creek + on to Squaw Creek. We made the rounds there + then headed back for home.

Today was mostly clear, windy and warm. The temperatures were low 45° high 64°. Right now at 8:25 it is 62°. Pearl + I took a ride east of town in the 102 River and the Pilatte River bottoms, northeast to Helena, Mo. and back west to Savannah, Mo., Amazona, Mo. and on home. About 50 miles. We then stayed home the rest of the day.

Today was cloudy & warm. Really it was a wonderful day for birding. The temperatures were low 52° High 62°. There was very little wind. This morning I drove to the Pony Express Lake Wildlife Area. I left home at 7:30 a.m. & arrived back home at 12:30 p.m. I went by myself because Pearl said she would pick up Ragan at School on her own. This afternoon late I had to go down town so Pearl & I drove on over to the St Joseph Airport while we were headed that direction.

Today was mostly cloudy, rather humid and warm. The temperatures were low 54° high 72°. Pearl & I made our rounds this morning of Bluff Woods, the lake and back home. Leo Galloway called me at noon here at home. He had been to the Airport to look for the Horned Grebe. He didn't find them but he did see a Common Loon. I need the Loon for a 1982 sighting in Missouri so after I ate lunch I drove to the Airport for it. I missed some Red breasted Mergansers that Leo had seen there but I found not one but three Common Loons.

Today was mostly cloudy, windy and cold. Temperatures were low 26° high 38° . I stayed home all day working on some odd jobs. This afternoon when Maretha picked up Ragan, Pearl & I took a short drive over to the St Joseph Airport and down to Lake Contrary. We were surprised at Lake Contrary to see the Swan. I called Les Galloway and luckily he was home. He and his wife Ruth came down and the Swan was still there.

Today was mostly cloudy, a bit windy and cold. The temperatures were low 19° high 36° Pearl & I took a drive this morning to the St Joseph Airport and then down around the lakes south west of town. Now for the next eight days I am staying away from areas such as Bluff Woods and Honey Creek because the deer hunting season with gun is open through next week end. This afternoon I drove through Ashland Cemetery and saw only Crows flying overhead.

Today was partly cloudy, cold and windy. The temperatures were low 27° high 35°. Larry & Chad came up this morning and I took them with me on a round of some of my birding spots. We drove out east of town in the 102 River and Platte River bottoms then on east to Pony Express Wildlife Area. We birded around there for an hour or so and then headed south on county and state roads to the Smithville Lake & areas surrounding it. We birded there until 3 P.M. and then headed back for home getting here at 4 P.M. Larry & Chad really enjoyed it. Needless to say I really enjoyed it too. We did a lot of walking (beach combing) along the points running out into the lake. The Osprey was my best bird. It is my latest Missouri record by 29 days.

 Today was clear, rather breezy and rather chilly. The temperatures were low 32° high 50°. Leo Galloway picked me up at 4:30 a.m. and we headed south. We stopped in Janelle's, Mo. and picked up Mike McKenzie. We then headed for our first stop which is a 1200 acre Prairie. From there we drove east to 24,900 acre Storton Reservoir. From there we went to 8633 acre Schell Osage Wildlife Area, then to 1680 acre Taberville Prairie, then to 2,750 acre Montrose Wildlife area and on leaving there we headed for home. We pulled into our driveway at 6:30 P.M. We were gone 14 hours and Leo did all the 413 miles driving.

Today was mostly cloudy, not much wind and decently warm. The temperatures today were low 34° high 55°. This morning I drove thru Ashland Cemetery and took a short walk in Krug Park. Then this afternoon at 12:45 P.M. Pearl and I left for Squaw Creek and we got back home right at 6 P.M. I am sure that I would have seen more ducks, but there were so many geese covering most of the water it was about impossible to see most of them.

Today was cloudy + very humid this morning, cloudy with

light rain this afternoon. The temperatures today were low 43° high 46°. Pearl & I took our ride this morning down to Bluff Woods and back by the lakes. We stayed home the rest of the day working on Joe's room. The nine day deer hunting season with firearms just ended yesterday. The deer kill for Missouri for these nine days was a new high. There were 156041 deer killed during those nine days. This does not include the deer killed with bow & arrow. That season began on Oct 1st and ends on Dec. 31, 1982.

Today was a dismal, dreary old day all day. It was cloudy all day with rain and snow most of the day. The temperatures were low 34° high 36°. Pearl & I took a short drive just to the Airport and around Lake Conroy. Leo Galloway and I are tentatively planning a trip to southern Texas for next May. We figure to be gone just a bit over two weeks going down through the Panhandle to Great Bend State Park and east and south along the Rio Grande River all the way to Brownsville, Tex. Then coming back home up the Gulf Coast to Corpus Christi and from there to around the Austin, Tex area and on home.

Today was cloud, damp and chilly all day. Temperatures were low 35° high 41°. It rained lightly off & on all day. Kenneth Jackson picked me up at 7:30 AM. We left here and drove ^{thru} the Amazonia flats looking for Longspurs but didn't see any. From there up and through the Honey Creek Wildlife Area and then on up to the Squaw Creek N.W.R. There were lots of people there, mainly attracted by the large showing of geese and the Eagles. We came home early. I was home by about 2 PM.

11	American Goldfinch	1	X
12	Dark eyed Junco	6	X

Today was clear and ~~cool~~ cool all day. The temperatures were low 31° high 45°, I had an appointment at 9 a.m. to see our eye doctor. My doctor was Mr. Thomas Young, M.D. He gave me a good examination and said that my eyes for 68 years were good. I am having my glasses changed. The ones I am using now I have had for probably ten years or longer. He put some liquid in my eyes to dissolve them. Even as I am writing this at 9:40 P.M. I am finding it hard to write because everything looks fuzzy. I imagine they will be OK by morning.

Tuesday, December 7, 1982

1	Mallard Duck	1	MRL
2	Green winged Teal	6	LC
3	Lesser Scaup	2	MRL
4	Ruddy Duck	3	LC
5	Red tailed Hawk	3	d.t. - LC - BW
6	American Kestrel	2	d.t.

17	White breasted Nuthatch	1	BW
18	Red winged Blackbird	800	mostly near MRL
19	Common Grackle	400	mostly near MRL
20	Cardinal	6	X - BW
21	American Goldfinch	2	X
22	Starling	50	X - LC
23	House Sparrow	35	X
24	Black eyed Junco	20	X - BW
25	Tree Sparrow	3	BW

Today was cloudy, damp and chilly all day. Temperatures were low 32° high 40°. Pearl & I made the rounds this morning to Bluff Woods and back around the lakes.

At Bluff Woods this morning I fell forward and hit my chest on the ground with nothing to break my fall. I think it just bruised my chest but it ~~hurts~~ hurts with almost every move I make.

Wednesday, December 8, 1982

1	Common Loon	1		AP
2	Common Merganser	1		AP
3	Bald Eagle	1		AP
4	American Kestrel	3		d.t.
5	Blue Jay	4	X	
6	Common Crow	20		AP
7	Black capped Chickadee	2	X	
8	Starling	25	X	
9	House Sparrow	50	X	
10	Cardinal	7	X	
11	American Goldfinch	2	X	
12	Dark eyed Junco	12	X	
13	Tree Sparrow	1		AP

Today was cloudy most of the day and cold. Temperatures were low 31° high 23°. We had some freezing rain early last night and light snow early this morning which made driving a bit hazardous in places today. This morning Les Galloway came by + picked me up. We drove through the Amazonia flats where we saw nothing and then went to the St Joseph Air Port where we saw very little. I stayed home the rest of the day.

Thursday, December 9, 1982

1	American Kestrel	2		AR
2	Rock Dove	8	X -	AR
3	Common Flicker	1	X	
4	Blue Jay	3	X	
5	Common Crow	3		AR
6	Black capped Chickadee	2	X	
7	Loggerhead Shrike	1		AR
8	Starling	20	X	
9	House Sparrow	50	X	
10	Cardinal	5	X	
11	American Goldfinch	3	X	
12	Dark eyed Junco	10	X	

Today was mostly cloudy, cold and dreary. Temperatures were low 15° high 28°. Except for driving out the Amazonia Rd. a way, I stayed home all day.

Friday, December 10, 1982

1	Rock Dove	2	X
2	Red bellied Woodpecker	1	X
3	Downy Woodpecker	1	X
4	Blue Jay	3	X
5	Black capped Chickadee	2	X
6	Starling	25	X
7	House Sparrow	35	X
8	Cardinal	6	X
9	American Goldfinch	2	X
10	Black-eyed Junco	8	X

Today was mostly cloudy, damp + chilly all day. The temperatures were low 21° high 38°. I stayed home all day except for picking Ragan up at school at noon

Saturday, December 11, 1982

1	Canada Goose	200	L. J.
2	Mallard	40	L. J.
3	Gadwall	12	L. J.

29	Cardinal	20	L. J. - Columbia - Hy I-70
30	Black eyed Junco	4	L. J.
31	White crowned Sparrow	1	L. J.
32	Lapland Longspur	100	Columbia,

Today was clear + cold. A good day for birding from the car. Temperatures today were low 14° high 30°. Leo Galloway came by + picked me up at 5:50 a.m. and we headed for Columbia, Mo. Tim Barksdale called me Thursday morning + told me that a Prairie Falcon had been seen there several times in an area just a short way east of town. He knew that I had seen it for Missouri but he didn't think that Leo Galloway or Mike McKenzie had. Leo was anxious to go, but Mike wouldn't go and Leo's wife had a meeting for today that she had to attend to so I went with him just to keep him company and of course the Prairie Falcon was a new bird for this year for me. It is odd how things change for some people. I birded for 28 years before I saw my first Prairie Falcon in Missouri in 1980. I saw it last year at Sewer Creek and now this one at Columbia, Mo. for my third consecutive year. We got home about 6 P.M. Leo drove about 450 miles, maybe a bit over that. Bradford Farms was the area for the Falcon.

Sunday, December 12, 1982

1	Red tailed Hawk	3	LC - BW
2	American Kestrel	4	d.t. - LC - BW
3	Rock Hove	12	d.t.
4	Common Flicker	2	BW
5	Red bellied Woodpecker	4	X - LC - BW
6	Downy Woodpecker	4	X - BW

7	Blue Jay	15	X - BW
8	Common Crow	20	LC - HL - BW
9	Black capped Chickadee	16	X - BW
10	Tufted Titmouse	4	BW
11	Robin	2	BW
12	Golden crowned Kinglet	1	AC
13	Loggerhead Shrike	1	MRL
14	Starling	750	X - near MRL
15	House Sparrow	50	X - LC
16	Red winged Blackbird	60	BW
17	Common Grackle	20	near ML - BW
18	Brown headed Cowbird	1	near BW
19	Cardinal	6	AC - X - BW
20	American Goldfinch	2	X
21	Dark eyed Junco	30	AC - X - BW
22	Tree Sparrow	18	BW

Today was clear & cold but nice. Temperatures were low 12° high 29°. Pearl & I took a drive this morning to Bluff Woods, the lake s.w. of town, back through Ashland Cemetery and home. We stayed home the rest of the day. All the lakes were frozen over, the creeks were frozen over except where the faster running water kept it open. The Missouri River was the only completely open area.

Monday, December 13, 1982

1	Red tailed Hawk	1	BW
2	American Kestrel	2	X - BW
3	Bob White	8	BW
4	Rock Dove	10	d. t.
