

birded 8:45am till noon down Huntoon road, down around the lake and back to town and then out east of town. This afternoon Pearl Lois and I made a quick trip 1:00pm to 4:30pm to Squaw Creek and back. I went mostly to purchase a ticket which will admit us to almost any Federal Refuge, Park or Recreation area in the U.S. without cost. The ticket cost \$7.00

Today was cloudy, rainy & cool all day. The low was about 60° high about 74°. Now at 7:30pm, it is only 64°. I just birded this A.M. because if all goes alright we plan on leaving at about 5 AM tomorrow on about a weeks vacation. Our plans are to go west about half way through Kansas then head up through the center of Nebraska, then into South Dakota and then down through Wyoming into Colorado & on back home.

Today was clear & cool all day. A very pleasant day to drive. We even had the windows up most of the time. We drove a little over 600 miles today and wound up at Martin South Dakota. I missed several birds that I hoped to see going through the sand hills of Nebr. We arrived in Martin at about 4 P.M. Mountain time.

Today was partly cloudy and cool all day. We started the morning off by visiting the LaCreek National Wildlife Refuge near Martin South Dakota. We saw only a small part of the Refuge. We did see Trumpeter Swans which was the number one reason that we visited the refuge. We ate lunch in Kadoka, S.D. and then spent the afternoon going through the Bad lands of South Dakota. We rented a Motel for the night in Sturgis, S.D. which is on the northern edge of the Black Hills of South Dakota.

Wednesday, August 24, 1966.

for this time of the year and to be out all day this is possibly the poorest birding day I have ever had. We spent the whole day in the

Black Hills where I expected so much. We started out from the north and visited the two towns of Deadwood, S.D. and Lead, S.D. From there we wound our way south visiting Mt Rushmore and going through Wind Cave in the southern part of the Black Hills. We ate our lunch of things we had taken with us to snack on. We drove out of the Black Hills in late afternoon and stayed at a Motel in Edgemont, S.D.

Left our Motel at Edgemont S. D. early, drove into Wyoming. We drove south through eastern Wyoming on Highway 85. We ate lunch at Cheyenne, Wyo. We arrived in Loveland, Colo. about 2 P.M. We got a motel and then headed for Rocky Mountain National Park. Not knowing our way around we stayed there for only a few hours & then headed back for Loveland. Today was clear and warmer even though at a higher altitude.

We got up early this am and headed for Rocky Mountain National Park where we spent most all of the day. We drove quite a bit and also walked quite a lot. My only dis appointment was that I missed so many birds in the park that should have been common that I have never seen before. We drove up over Trail Ridge Road where at one time we were over two miles high.

Saturday, August 27, 1966

We got up this morning at about 4:45 am. and at about 5:10 AM we were on our way home. Today was my birthday (52 years). I would have been appropriate if I could have added another bird or two to my life list but I guess it wasn't to be.

Today was clear + warm. The temperatures were low about 68° high about 90°. I took an early a.m. walk in the Park and then at 3:30 PM. Pearl + I headed for Squaw Creek. Our plans were to stay until after dark to listen for Screech Owls. We did stay an hour after dark but the mosquitoes were so bad we had to leave without hearing the owls. Our trip was not in vain though as I added the King Rail to my year list.

Today was cloudy, damp, chilly & rainy all day. I took an early 9 AM. walk in KP & then drove through Ashland Cemetery & east of wholesale. We had a Lawhon family reunion here at our home this afternoon so that limited my birding to half a day. If the weather had been nice I still believe that I would have gone to S. Q. with Si & Stephanie Positzky.

Monday, September 19, 1966

every year about this time the Blue Jays and Flickers are rather numerous. I don't know if it is birds that are migrating through our area or if it is our own birds flocking in preparation to migrate. Today was mostly clear, a bit cloudy this afternoon. The temperatures were low about 45° high about 83°. I birded near whse and A.C. this AM on company time. I made the Nw. brd. area on my way home from work. Pearl & I birded 1 P.M. to 4 P.M. Lakes

Sunday, September 25, 1966

1. White Pelican	1000	SQ

63. Goldfinch	3	near SA
64. Savannah Sparrow	1	SA
65. American Pintail	500	SA

This wasn't near as nice a birding day as we could have had. The morning was cloudy and windy. With some rain last night some of the roads were rather muddy. I birded by myself this AM 7:15 AM to 9:30 at Kong Park & through Ashland Cemetery & home.
