Sidebottom in side room to-night. He tried to get away from security & says that Billy Haynes & Stillwell had threatned to get him this evening over something Steven Kelso had told them that Sidebottom had said or did. Tony says he did not tell Steve anything. And that was the reason he tryed to run away. Thinks he would rather run than be beat up. Kelso is a trouble maker and he can go over big with Haynes & Stillwell. There is too many of that kind on 2 & 3. And I could not get any more help.
