Grant Thornburgh

Purchasing Agent and Traffic Manager

Lincoln Neb. October 25th, 1913.

Mr. Harry L. George,

St. Joseph, Mo.,

Dear sir:-

Yours of the 24th received and in compliance therewith I am sending to you today by parcel post the Winnebago club.

I can tell you nothing special in connection with this club except that it saw a great deal of service and use in the Winnebago tribe in the historic period and is a typical farm club used by them. You will find clubs of this description illustrated and described in the "Hand Book of N.A. Indians" a copy of which I believe you said you had.

I have taken steps to locate and secure the long spear and if successful will advise you when I have it, as I believe I can get it if it has not gone into the hands of some collector or Museum.

The tobacco pouch I mentioned is not made of a cow or steer calf but of a slung Buffalo calf and saw use before 1876 and was used by Red Stone and Assinaboines Chief.

I collect nothing but first class pieces that have seen service and are authentic, so that any thing you get from me where I have duplicates you may rest assured will be all right. I have friends among the Indians and have the opportunity of picking up some rare pieces at times and rare intervals.

Very truly yours,

Grant Thornburgh
