Today was very foggy, damp & chilly all day. Of course Jan 1st is one of my biggest birding days of the year because I like to get off to a good start each year. Pearl & I took out this morning planning on doing just a little birding out east of town & back through Ashland Cemetery. It was much too foggy to see any distance and it was just cold enough to freeze the moisture on the weeds and brush which it seems the birds don't like. Because of that we came on back home right away. Temperatures low 28° high 34°

Today was cloudy, damp & chilly. Temperatures were low 30° high 33°. I left home at 9 a.m. with my nephew Jwal Lawhon Jr. & went to Squaw Creek. We were back home at 12 Noon. Jwal wanted to get some pictures of the Saw-whet Owl. He took 65 pictures of it. Jwal is a photographer for the St Joseph News Press. I stayed home the rest of the day. They brought Ragan Lynn home from the hospital today.

Today was cloudy, rainy & cold. A cousin of Pearl's from Kansas City, Harold Steuvers died Thursday night. We didn't know about it until yesterday so today at 10:30 a.m. Pearl & I rode to their home with Ralph and Alice. We arrived there just shortly before noon and we left there about 4 p.m. Driving conditions were bad coming home. It was very windy 12 to 36 m.p.h. with temperatures dropping. The wet pavement was forming ice. I was glad to get home. Harold's funeral services will be in Pleasant Hill, Mo. on Tuesday. Temperatures today were low 15° high 36°

Today was clear and real nice. A bit windy but
 otherwise a beautiful day. The temperatures were
 low 30° high 55°. Beal + I left home at 9 a.m. +
 got back home at 4:15 P.M. We went first to Ashland Cemetery
 then up Amazonia Road to Honey Creek + from there to
 the Squaw Creek N.W.R. On leaving there we came back +
 drove but near Wholesale along Cook Road + then back
 through Ashland Cemetery again. I had a call last
 night from Tim Barksdale. He had been called that there
 was a Ground Squirrel at Pleasant Hill, Mo. It had been seen
 on a Xmas bird count on Dec 17th + again yesterday a.m.
 We went there yesterday afternoon but was unable to
 find it. He is to try again this morning. If he sees it
 this morning he is going to call me this evening. He also
 said that Nannette had seen a ♀ old Squaw duck this a.m.

at Lake Jacomo. I called Les Galloway this afternoon about 4:30 P.M. We decided that we would go to Lake Jacomo tomorrow morning and then if we heard anymore about the Ground Hove we could go on our to Pleasant Hill.

Screech Owl (D.O.R.) Dead on road. The gray phase Screech Owl we found dead on the highway only a little way from where we saw the Barred Owl sitting on a telephone wire. Leo Galloway and I left my house this morning at 7 A.M. we headed directly for Lake Jacomo, going through Kansas City. From the Lake we made two trips to Pleasant Hill, Mo. looking for a Ground Dove. It took us just about two hours to get to Lake Jacomo. From there it is 30 minutes drive to Pleasant Hill. We went especially for three species. The Ground Dove at Pleasant Hill and an Oldsquaw Duck and Red Cross bills at Lake Jacomo. Needless to say we didn't see any of them. Norman Mc Laughlin pointed out a duck way across the Lake on the far side I said it was the Oldsquaw. We walked up the lake shore quite a way off which put us much closer but apparently the bird had flown so neither of us counted the bird. We left the lake at 5 P.M. heading home. We pulled into my driveway at 6:45 P.M. Today was a beautiful day, clear and warm. Temperatures were low 23° high 58°.

Today was cloudy + cold all day with snow starting again this evening. We have some where near 6 inches of snow on the ground and the forecast is for 4 to 5 more inches tonight and tomorrow. Temperatures today were low about 3° high about 27°. This morning Pearl + I went downtown to the Post Office to sign Pearl up for her Social Security. She will draw her first check the first of June 1980. Then just before noon we took a short drive out east of town near the Wholesale area which takes in Cook Road and the 102 River Valley area. After lunch I took a walk up in the hills along the blued. area behind my home.

Today was cloudy all day + warmer. The temperatures were low about 20° high about 40°. Pearl + I took a drive this morning down around Lake County and around Mud Lake. We were gone about 2 hours. Other than that I stayed home the rest of the day. Yesterday was the first broadcast day of the 1980 Winter Olympics from Lake Placid, New York. I really enjoy them on television. They will be televised for a total of 12 days. A couple of days ago a man called me from the St. Joseph School district + asked if I would be interested in teaching a short class in bird watching if we could get enough people interested. I told him that to take students out in the field + teach them to identify birds in the field I could handle it but to teach in a classroom I didn't think I could do a good job. I told him about Les Halloway and suggested he contact Les. I talked to Les today and he was thrilled over the fact that he had been interviewed for the job and he is going to take it.

Today was cloudy all day and foggy most of the morning. Pearl & I took a short drive before noon east of town out highway 6 and then down to Easton, Mo. and back in the Easton Road. I then took a two mile walk along the boulevard up in back of our home. It is the same two mile walk I used to take when I came home from the hospital in 1976 from my open heart surgery. The two miles took me 45 minutes walking. Temperatures today were low 34° high 40°

Today was cloudy & damp all day. The temperatures were low 36° high 42°. It is very sloppy now, at least underfoot. Most of the snow is gone now except where it has been piled up. This morning I went to Mr. Ryer. He is the doctor who about a month ago removed a couple growths from my face. He just wanted to check on them today. He said to come back in from 6 months to a year for a check up. Then just before noon Pearl & I went for a drive up thru Amazonia, Savannah and out east to Hy 169 then back home. This afternoon Pearl & I took my two mile walk up along the boulevard. It took us 45 minutes.

Pearl + I left home this morning at 8:30 A.M. + drove over to Ralph + Alice Jackson (Pearl's sister) and from there at 9 A.M. we headed for Kansas City. We rode with them because they have a Cadillac car. We went to Pearl + Alice's cousins home Edna + Lester Johnson in Independence, Mo. We spent the entire day at their home just visiting. I think we all enjoyed just getting together + visiting, Lester Ralph and I are all retired. Pearl + I got home about 8 P.M.

Today was clear and cold. The temperatures were low about 9° high about 24°. This morning Pearl + I took a short ride out east of town. I had a call from a man who had a bird come to his feeder but did not know what it was. Pearl + I went to check it out but the bird did not come while we were there. I really believe that it was a downy woodpecker. I stayed home the rest of the day until 6 P.M. when Larry and I went to Mound City, Mo. to attend a meeting concerning management plans for the upcoming year. ~~There were~~ There were five members of the Squaw Creek management and about the same number of U.S. Fish + Wildlife Personell from the Kansas City office. There were about 50 other individuals who sat in on the meeting. It was about 11:15 P.M. when Larry + I got home.
