Hensl ows Sparrow

COMMENTS:

My first record of the Henslow's Sparrow on April 19, 1959 in a weed field at Squaw Creek with the refuge manager Kenneth Krumm is now questionable to me. I will leave it in my record rather than scrach it off but I would not say it was a positive record.

My second Henslows record on October 23, 1960 was east of town about five miles in a weed field in the Platte River bottoms I would like to handle the same as the 1959 record.

As to this date October 30, 1978 I would say all the other records are positive records.
