Today was cloudy, windy and chilly all day. We had some rain in the wee hours of the morning. Temperatures were low 32° high 42°. I drove to Ashland Cemetery this A.M. where I took a walk. Then I drove down around Lake Contrary and then back to Browning Lake at the Airport. I stayed home all afternoon. Pearl went to Pleasant Hill, Mo. today.

with her sister Alice and two of Alice's daughters.
 It was a bit after 9 P.M. when she got back home this evening she + Alice went to attend a 50th Wedding Anniversary of a Rosalie Chipley that they had gone to school with in Pleasant Hill while they were kids.

Today was mostly cloudy & chilly all day. Temperatures

were low 28° high 45°. I went to Squaw Creek this morning with Leo Galloway. We were back home at noon. Leo just got back last night from a 30 day trip to the west coast and back through Arizona & New Mexico & on to St. Joseph. He drove over 6000 miles on the trip and wound up with about 12 lifers. As we were leaving the refuge we heard that about eight Oldsquaw ducks were seen there yesterday. Leo & I went over the area pretty quick this morning so Pearl and I went back up this afternoon but failed to find any Oldsquaws. We got back home about 5:10 P.M.

Today was partly cloudy, pretty chilly A.M. + warming up a bit this afternoon. It was a bit windy. We had about half an inch of snow on the ground when I got up this morning. Pearl & I took a short ride this morning out as far as Easton + back home. I worked at raking in our back yard this afternoon for about 2 to 3 hours. My biggest surprise today was my big list of home birds. Temperatures today were low 18° high 46°

Today was cloudy & chilly. After a six inch snow during the early morning I spent about half of the day out of doors. I shovelled our drive out which is about 75 feet long and about 30 feet wide & I made several trips outside to put out bird feed. At one time there were probably 200 of just black birds in our yard. I made two trips to the grocery store and one trip to the Bank. The temperatures today were low 23° high 30°.

Today was ~~another~~ another lousy day for birding. It was cloudy, cold and windy. Temperatures were low 30° high 35°. Pearl was feeling enough better this morning to take a drive with me down around the lakes and back to Browning Lake at the Airport. It was nice seeing all the waterfowl but without them I would about as soon stayed home. This evening for a short while it snowed very heavily. Right now it isn't snowing at all but Snow is still in the forecast for tonight and tomorrow.

Today was mostly clear but windy + a bit chilly. The temperatures were low 33° high 52°. I left home this morning by myself at 7am + birded the lakes southwest of town + Bluff Woods. I got back home at 10:30 AM. We had a lot of brush, last years leaves + limbs from our trees broken from last weeks ice storm. We are allowed about two to three weeks for burning yard wastes of 5 hours a day. We got most of ours burned today.

Today was cloudy but pleasant. The temperatures were low 31° high 45°. Pearl + I ~~drove~~ drove out this A.M. to pick up one of our mowers which was being repaired. We then to a drive down around the lake and through Bluff Woods. We got home about 1:30 P.M. Larry ~~was~~ was here burning some scraps and he stayed + visited with us for about three hours. We really enjoyed the visit. I believe that most migrating birds this Spring are later than normal. There are many species I usually have by now, that I have missed so far this Spring + late winter.

Today was cloudy, chilly and raining all day long. The temperatures were low 40° high 48°. Peck + I took a drive to the St Joseph Airport and Lake Contrary. We were gone only about two hours. I feel sure that there were a few other species of ducks at the airport in the huge flock of Scaup but I couldn't get close enough to get a good look and the rain blew in the window of the car.

Today was cloudy most of the day but luckily no rain.
 Temperatures today were low 37° high 53°, I spent quite

a bit of my time today birding. This morning Pearl and I drove down & around Lake Contrary and then out the Easton Road a few miles then north to about Cosby, Mo, then west to Hy 169 and then on home about noon. I had been home only a few minutes when Jim Galloway called & said he had just seen a Common Loon at Lake Contrary and Pelicans at Muskrat Lake. Pearl & I ate lunch and then took off again.

Another wonderful day, weatherwise. It was clear & warm & not much wind. Temperatures were low 31° high 61°. I birded by myself this morning 7:50 AM. until 11:45 AM. This afternoon was Paula's day for her Chemo Therapy treatment. We left home early enough to take a short drive in the 102 River bottoms. The forecast is for rain tonight and tomorrow.
