38	Snow Goose	1500	Montrose
39	Greater Prairie Chicken	20 to 25	T.P.

I got up this morning at 4:20 a.m. It snowed heavily here for about an hour. We had nearly an inch by 6 a.m. When Mark Robbins came by and picked me up. Today was cloudy, windy and cold all day. The St Joseph temperatures were low 33° high 39°. Mark & I left my house about 6:30 and we headed south for a two day birding stint. Our first ~~stop~~ stop was Smithville Lake. Next stop was the Montrose Lake & Wildlife Area. From there we drove to Lowry City where Mark was looking for feed lot where Great-tailed Grackles had been reported. From there we went on down to Taberville Prairie where we walked two different areas on the Prairie.

we Tabernille Prairie is always one of our most special areas. From there we drove on down to the town of Stockton where we stayed the balance of the day and stayed overnight in a Motel there. We spent the remainder of the afternoon looking over the 24,900 acre Stockton Lake and a rock quarry adjoining the lake. We stayed at the lake until just about dark which came early.

Wednesday, November 28, 1984

1	Horned Grebe	1	Stockton L.
2	Mallard	36	S.W. Mo.
3	N. Pintail	1	S.W. Mo.

37	Lapland Longspur	8,000 (3000 area one - 5000 area two)	SW Mo.

(3000 - Jasper Co. - 5000 Bates Co.)

I got up this morning at 5:45 AM. We ate breakfast in Stoughton then took a quick look over the Lake in the Dam area, checked the Rock Quarry and then headed southwest to a point just about 15 to 20 miles north of Joplin, Mo. and very near the Kansas state line. We headed then from there north always between US Hy. 71 and the Kansas state line. We pulled into my home at 6:30 P.M. We didn't get very many species, Mark saw and/or heard some that I missed but we were happy with several that we did get, and were well pleased in general. Today was clear, windy & a bit cold early AM but warmed up pretty good by around noon. The temperatures in St Joe were low 26° high 50°. They were probably near the same where we were at. We saw two deer on the trip and one coyote. Some of the birds that Mark was especially hoping for was Rock Wren, any kind of rare gull, Ferruginous Hawk, Prairie Falcon, and Chestnut Collared Longspur. Our Pileated woodpecker was in Bates County on highway F just about 8 miles west of highway 71 at the town of Passaic. It was just about one to two miles west from that point that we saw the Rough legged Hawk.

Thursday November 29, 1984

1	Blue Jay	3	X
2	Black capped Chickadee	3	X
3	Starling	15	X
4	House Sparrow	25	X
5	Cardinal	5	X
6	Pine Siskin	2	X
7	American Goldfinch	1	X
8	Black eyed Junco	3	X
	White throated Sparrow	1	X

Today was clear + cool all day. I took Pearl to the doctors office for her fourth treatment in four days. I don't know just how it is classed but it is like a light chemo therapy treatment. We got home at 12:40 PM. I stayed home the rest of the day. The temperatures today were low 35° high 54°.

Friday, November 30, 1984

~~28~~ Today was real nice. It was clear & mild with no wind. Temperatures today were low 20° high 59°. Pearl & I left home at 8:40 a.m. and first drove down to Mac McQueen's to look for the Hummingbird. It has not been seen since Sunday morning. Mr McQueen continually looks in the trees and on the ground but can find no trace of it. Pearl and I have looked very good in all of the evergreens from most all angles but we could find no trace of it. I feel that I did a good job looking through the trees but ~~was not~~ with no success.

 This was a beautiful day. Weather wise for this time of the year it couldn't be beat. Temperatures today were low 23° high 60°. Mike McKenzie came by + picked me up at about 8:30 AM. We birded through Ashland Cemetery, out through the Pony Express Lake Wildlife Area and back to St. Joseph via the Easton Road. I was back home about 2 P.M. I then worked out in the back yard until almost dark with Larry + Marella. Larry sawed down one of my Birch trees that had died.

21	Song Sparrow	2	AR

Today was a miserable day for our Xmas bird count.

Most of the roads where I expected to get my better birds I wouldn't even attempt. They were gravel roads and most of them had been recently graded. It had rained about all night and all morning until about noon. Pearl & I as usual birded together. The temperatures today were low 31° high 61°. Winds were in the east about 6 to 12 m.p.h. We were out 9 hours, seven by auto and two on foot. We drove 8.5 miles by auto and only one mile on foot. Our time was 7:30 AM until 4:30 PM.

Sunday, December 16, 1984

Today was partly cloudy, windy and cold. Temperatures were low 38° high 57°. I got up at 4:30 a.m. Ken Jackson picked me up at 6 a.m. and we headed directly for Squaw Creek to participate in the Squaw Creek Xmas Bird Count. The above are what Ken and I saw. There were nine participants in four parties conducting the count. The total number of species were about 64 species. Berlin Heck is compiling this count. It was just about 8 P.M. we Ken + I got back home.

Monday, December 17, 1984

12	American Goldfinch	3	X
13	Dark eyed Junco	7	X
14	White throated Sparrow	2	X

Today was clear & cold all day. ~~Driving~~ Driving today was treacherous after a freezing rain last night. Many accidents occurred during the night & early morning. I took Pearl to the doctors office again this morning at 11:00 A.M. By then most of the ice on regular routes had melted from frost or been ground up by heavier traffic. Temperatures today were low 23° high 32°

Thursday, December 20, 1984

1	Red tailed Hawk	1		0
2	American Kestrel	3		bvd - 0
3	Rock Dove	21		bvd - 0
4	Blue Jay	9	X - bvd	
5	Common Crow	75	X	0
6	Black capped Chickadee	2	X	
7	Tufted Titmouse	2	X	
8	Starling	40	X	0
9	House Sparrow	28	X	
10	Cardinal	8	X - bvd	
11	Pine Siskin	8	X	
12	American Goldfinch	1	X	
13	Dark eyed Junco	7	X	
14	White throated Sparrow	1	X	

Today was cloudy but a bit warmer than yesterday. Temperatures were low high. Today was Pearl's fourth treatment in this set of four. Starting on Jan 7th, I think she will take four more

Friday, December 21, 1984

1	Red tailed Hawk	1	X
2	Blue Jay	4	X

3	Common Crow	15	X
4	Black capped Chickadee	2	X
5	Starling	12	X
6	House Sparrow	28	X
7	Cardinal	9	X
8	Pine Siskin	7	X
9	Dark eyed Junco	6	X
10	White throated Sparrow	1	X

Today was cloudy, a bit windy, damp + chilly. The temperatures were low 32° high 42°.

Saturday, December 22, 1984

1	Blue Jay	3	X
2	Black capped Chickadee	3	X
3	Tufted Titmouse	2	X
4	Starling	7	X
5	House Sparrow	22	X
6	Cardinal	4	X
7	Pine Siskin	4	X
8	Dark eyed Junco	3	X
9	White throated Sparrow	1	X

Today was real nice. It was clear + warm for the date. Temperatures were low 22° high 42°. I stayed in all day, writing and watching football on television.

Sunday, December 23, 1984

1	Snow Goose	350	X
2	Blue Jay	3	X
3	Black capped Chickadee	3	X
4	Tufted Titmouse	2	X
5	Starling	14	X
6	House Sparrow	20	X
7	Cardinal	6	X
8	Pine Siskin	6	X
9	Dark eyed Junco	7	X
10	White throated Sparrow	1	X

Today was clear, cool and nice. It was a bit windy however.

Temperatures were low 31° high 43°, I stayed home all day, mostly just loafing watching television.

Monday, December 24, 1984

1	Blue Jay	3	X
2	Black capped Chickadee	3	X
3	Tufted Titmouse	1	X
4	Starling	15	X
5	House Sparrow	27	X
6	Cardinal	8	X
7	Pine Siskin	8	X
8	Black eyed Junco	12	X
9	White throated Sparrow	2	X

Today was cloudy, windy and cold with snow flurries during the morning. Temperatures were low 14° high 30°. We went to Larry + Marjorie's house this afternoon and evening for our dinner and the opening of Christmas gifts. Most of the many gifts we received were things we needed.

Tuesday Xmas Day, December 25, 1984

1	Rock Dove	1	brd

8	Pine Siskin	6	X
9	American Goldfinch	2	X
10	Dark eyed Junco	15	X
11	White throated Sparrow	2	X

Today was a Missouri winter day. It was cloudy all day and cold. The temperature has gradually gone down all day and is forecast to continue going down during the night. Temperatures today were low 19° high 32°. We had freezing rain early A.M. and right now have about four inches of snow on the ground and it is forecasted to continue snowing all night. As of today we have 43.27 inches of precipitation for the year which is 8.79 inches above normal for the year. When we look back to the 24 hour period of June 7th evening and June 8th morning when we had 15 inches of rain then without that one period we would be a bit below normal. All the damage that one night caused and Pearl fighting cancer during all of this year, it wasn't very pleasant for me. However it could have been worse. The bright outlook for me was the Slaty-backed Gull on January 2nd and the Rufous Hummingbird in September. They were both lifers for me besides being a new Missouri Bird for me. Over all in numbers it was my poorest birding year since 1973. Maybe 1985 will be good. The one thing I want most of all is Pearl's good health.

My Missouri Birds

1	Common Loon		4-4-84
2	Arctic Loon		
3	Rednecked Grebe		
4	Horned Grebe		4-1-84
5	Eared Grebe		4-19-84
