Today was clear + nice + warm. Pretty windy this afternoon. Pearl + I went to the Radiorium again today for another treatment. We left home at 7:30 AM. and was back home at 11:15 AM. We took a drive down around the lakes after lunch and then late afternoon I spent about two hours spading up more soil in our garden. The temperatures today were low 34° high 74°.

Today was clear, warm & nice. The temperatures were low 39° high 71°. Pearl & I went to the Radiarium again this morning for the 5th time. It seems more like ten times. We left home at 7:30 AM & got back home at 10:53 AM. After lunch Pearl & I took a drive down around the lakes. The Snowy Owl was the real surprise. The bird it seems couldn't fly. It used its wings well on the ground but seemed to be crippled in some way. Maybe it was sick. I called Leo Galloway. He thought got to see it. I also called the Conservation

Kept headquarters to see if they could send an agent out to catch it and take it to a Veterinarian. Leo + I left the area about an hour after I had called their office + no one had shown up yet at that time.

Wednesday March 20, 1985

1	Red tailed Hawk	8		P	J
2	American Kestrel	4		P-C

18	Dark eyed Junco	4		X	
19	White throated Sparrow	1		X	

Today was partly cloudy + damp. We drove into a bit of light rain in the Kansas City area this morning. We left home at 7:30 AM and arrived back home at 11 AM. I really felt terrible all day today. I am sure that it was caused by spading up some garden the last few days. Yesterday I worked harder at it than any other time. I felt bad enough that I was a bit scared at times. I lay down almost all afternoon + went to bed at 9 P.M. this evening. The temperatures today were low 46° high 62°

Thursday March 21, 1985

Today was mostly clear + warm. Temperatures today were low 40° high 60°. We left home this morning for Independence, Mo. at 7 AM & we got back home at 10:35 AM. This was Lois' only day off from work all day, so she went with us and did the driving. I felt pretty fussy again today. I stayed in the house all the rest of the day just lying around. I ~~am~~ sure hope I feel better tomorrow.

Today was clear and rather warm all day. Temperatures were low 38° high 73°. Pearl & I made our last scheduled trip to the Radiarium in Independence today. We left home at 9:15 AM and arrived back home at 1:30 PM. We were

held up for quite a while at the Radiarium. They told us they had been running behind all day. We ate lunch at home and at 2:20 P.M. we headed for Squaw Creek. Birding wasn't as good as I had hoped it would be. We got back home at 7:35 P.M.

Today was clear, windy and cold. The temperatures were low 33° high 58°. Winds in the upper 30's m.p.h. in gusts. Simon Kositzky picked me up at 7:30 a.m. and we birded together until shortly after noon. We birded down around the lakes and to Bluff Woods. This afternoon Pearl, Lois & I went to Pearl's brother Bert Jennings home for Easter dinner. Besides Pearl, Lois & I, there were Bert, his wife Viola, their daughter Connie, her husband Phillip Haas, their three children Sonya, Heidi and Philip, Jr. and a son in law Harold Kurtz. Dinner was very good but I ate too much.

Today was mostly cloudy with a chilly wind. Temperatures were low 41° high 57°. Si Roitz by picked me up at 7 a.m. we made the rounds of the Lakes south west of town then through Bluff Woods and back home at 11:20 a.m. Larry and Chad were just getting ready to leave for the Pony Express Lake Wildlife area so I had Pearl pack me a lunch and I went with them. All they caught were some small fish which they threw back. We were back home about 5 P.M.

To Day was clear and rather warm. The temperatures were low 35° high 72°. Pearl & I took a drive this morning down around the lakes and through Bluff Woods. This afternoon we painted some on a couple trellis' and did some mowing. This evening Lois had her gray poodle put to sleep. Her name is "Misty". She is about 15½ years of age. She has got to where she can't control her bowels and kidneys. She is deaf & blind.

19	Chipping Sparrow	1		X

Today was clear & pretty warm. The temperatures were low 41° high 81°. This morning I took a walk of near two hours in the wooded hills along the northwest boulevard. Pearl & I spent all afternoon mowing and painting a trellis. When I came home from my morning walk a male English Setter dog that had followed me all around up in the hills followed me home. I shut the gate behind me but the dog just jumped over the fence and came on in the yard. Two or three times during the afternoon I put the dog out & shut the gate but it kept jumping back over the fence so I gave up. This evening after supper we loaded the dog in Lois' car and we drove up to the far side of the wooded area where I first found the dog. When we opened the door of the car the dog jumped out and headed back into the woods. I have a feeling that it lived some where near there and was heading home.

Today was mostly cloudy with only a trace of rain during the day. Pearl + I made a quick drive just down around the lake this morning and back to home by 11 A.M. I took Pearl to the hospital at 1 P.M. Her doctor from the Radiarium in Independence, Mo. was coming to St Joseph today and ~~and~~ wanted to check her out. He gave her a clean bill of health and told her to keep in close touch with Mr. Ranginemi here in town. Mr. Nasser Nabissa in the doctors name from the Radiarium in Independence.
 Temperatures today were low 64° high 70°.

Today was cloudy all day with occasional light showers at intervals throughout the day. I took Pearl to the Beauty Shoppe this morning, then took some of Lois' Ceramic work to be completed at a ceramic shop. Then we drove to Corby Pond along the bvd. near one mile south of the area I show as Nw. bvd. We then came home & ate lunch. After lunch we took a drive down around the lakes & through Bluff Woods & back home. Pearl & I then cleaned up & dressed up & ate a snack. When Lois got off from work we went to the St. ~~Francis~~ Francis Catholic Church where our nephew Eugene (Gene) Gerald Lawhorn was married to Jean Marie Thedinga. We went to the Moose Lodge for the reception. We were back home shortly after 10 P.M. The temperatures today were low high

Saturday April 27, 1985
