Today was clear, hot and very windy. The temperatures were low 61° high 87°. Beale & I left home at 7:30 AM for our drive down around the lakes. The wind was so hard blowing it was hard to even use my telescope. I was sure surprised to see the snowy plover but it took quite a while to be sure of it because at 100 yards in the wind that even rocked the car I would have to wait at times to make out the marks.

Today was cloudy A.M. and clear most of the afternoon. The temperatures were low 65° high 81°. There was no wind this morning so it was really a pleasure bird watching. Si Rositzky picked me up at 6:45 a.m. We made a tour of the lake area, took the walk that I have been taking on Asphalt Trail at Bluff Woods and then back to town by going east out Mitchell Ave Road and back to town by way of Cook Road. I stayed home the rest of the day.

Today was mostly cloudy & warm this morning and early afternoon. Mid afternoon it clouded up heavily and at about 4 PM. we had quite a stormy period. We had wind, rain, hail and much thunder & lightning. The St Joseph News paper lists the precipitation for St Joseph as 1.80 inches since January 1st. thru yesterday. Today in my rain gauge I show that I had 1.30 inches in about one hour today here at home. We are in a severe weather watch in the St Joseph area through 2 AM. tomorrow morning. The temperatures today were low 54° high 81°

Today was clear and nice. The temperatures were low about 31° high 62°. Pearl & I left home this morning at 7:30 a.m. We drove to Pony Express Lake Wildlife Area. We drove out most of the way on Hy 6, part of the way on Hy 36. Coming back we drove part way on Hy 36 and the rest of the way on the Eastern Road. We got home about 11:40 a.m. I worked out this afternoon digging tree stumps and clumps of Multiflora Rose roots out of the ground. I am really tired this evening. We had a heavy frost this morning and a thin skin of ice on our bird bath.

most of the afternoon at home helping Larry load up
brush on his truck and haul it away and dump it.
Temperatures today were low 60° High 87°

Today was cloudy + pleasant all day. It was a bit too windy for comfort. Temperatures were low 56° high 76°. Steve Crawford, a bird watcher from Kansas City picked me up at 6:45 a.m. this morning. We birded from here to Lake Contrary, Mud Lake, Muskrat Lake, Horseshoe Lake, Bluff Woods + back home at 11 a.m. We left home again at 12 Noon + we birded from home to Squaw Creek and back. We got home about 5 P.M. It began raining before we left Squaw Creek. We missed about 20 species that we felt we should have seen (easy ones). The forecast is for thunder storms tonight and tomorrow. I am supposed to bird tomorrow with Si.

We went to the Honey Creek Wildlife Area. Larry & Chad went to fish and I went to bird watch. I did all my birding from the River Road (Nodaway River) inside the Wildlife Area because the Turkey (gun hunting) season is open and a lot of men are out hunting. We were back home about 4 P.M.

To day was clear + pretty warm. The temperatures were low 51° high 89°. Pearl + I made the rounds this morning from 8 AM until noon. I was especially glad to see the "Glossy Ibis". It did not show the white face markings at the base of the bill as on the White faced Ibis and it also showed a bit of red at the bend of the leg. I then stayed home the rest of the day.

Today was clear, windy and hot. The temperatures were low 63° high 90°. Si Rositzky picked me up this morning at 6:45 a.m. Diane Watson followed us in her car because she had to get back to town before us to go to church. She wanted to see the asphalt trail at Bluff woods. Si brought me home at 11 a.m. I spent the rest of the day just loafing. This evening just on the spur of the moment I decided to drive to Forest City, Mo and drive back the River Road to listen for Whip-poor-wills + Chuck-wills-widow. Luckily we heard both. The round trip was 54 miles. We left home at 7:45 PM and got back home at 9:40 P.M. We saw several snakes on the road on our way home of several species.

Today except for being exceptionally windy was a wonderful day for birding. It was partly cloudy & we had a couple of light showers. Temperatures were low 59° high 74°. Pearl & I made our regular rounds this morning 8 AM till 11:30 AM. We stayed home the balance of the day. I was very much surprised to have 28 species seen here at home. Especially good was a yellowthroat, 3 Chipping Sparrows, 5 Clay colored Sparrows, 2 Harris, 4 White Crowns, one Lincoln and one Nighthawk. The sparrows was a large mixed flock.

Today was partly Cloudy. Cool early a.m. but warming up later. Pearl & I birded 7:30 a.m. until 12 Noon. This time we walked the long hiking trail at Bluff Woods. We walked some where near 5 miles. I wish it was so I could make that walk about 3 or 4 times a week. I feel sure that there are many birds go thru there that I miss each year. Temperatures today were low 48° high 83°.

The day was clear & cool all day. The temperatures were low high. Ken Jackson picked me up this morning at 6:45 a.m. We went first to Bluff Woods. We first walked the Asphalt Trail and then went on down to the south end of the area where we walked a good part of the hiking trail. From there checked Mud Lake, Horseshoe Lake and Muskrat Lake and Lake Contrary. From there we drove through St Joe and on to the Squaw Creek National Wildlife Refuge. We did most of our birding there and then went over to Big Lake and from Big Lake back home. We got home at about ~~6:30~~ 6:30 P.M. When I wrote my birds up I found that I had 99 species. Pearl was doing the supper dishes and we were planning on driving down town to try for the nighthawk. I was out front waiting for Pearl to finish her dishes and while standing there waiting a nighthawk flew over ~~my~~ my head. Luckily I hadn't taken my car out of the garage yet.

Today was clear & cool. The temperatures were low 46° high 80°. This morning my brother Steele came by & picked me up and ~~we~~ we went to the funeral of Mrs. Melba R. (Billie) Dupin. She is, or was my sister-in-law. She was married to my oldest brother Cecil Eugene Lawhon who died January 21, 1959. After several years Billie married a George Dupin who was her school days sweetheart. I got home at 12 noon where I stayed the rest of the day. Larry was up all afternoon and then late this afternoon we had a cook out with Larry & Mert and their kids and Lois.
