Today was clear, cool and very pleasant. The temperatures were low 42° high 59°. I got up at 6 a.m., ate a nice breakfast and then at about 8 a.m. Pearl & I took off on an all day birding trip. I drove first to Krug Park, then Ashland Cemetery, near Wholesale (O), up Amazonia Road, Davis Roadside Park near Honey Creek and then on to Squaw Creek. We got back home at 8 P.M. I helped with a class of 6th grade students from a St. Joseph School. There must have been about 30 to 40 students. Best bird of the day was Cinnamon Teal.

Today was cloudy & rainy all day. Temperatures were low 56° high 70°. Dave, Bette and I worked today until noon. This afternoon Pearl & I drove to Squaw Creek. It rained all afternoon. We could cover only a small area of the roads at

the Refuge. Even then we almost got stuck. We stopped at the Navia roadside park near Honey Creek both going and coming. We got home at 4 AM.

Today was clear and real nice, a bit windy + chilly this AM. but pleasant all afternoon after thunder showers during the night. Horned Larks and Franklin Gulls were life for Joel. He birded with me from 7:30 AM until noon down around the lake. We had Lois, Larry, Mert and Chad at our house for Easter dinner and then this afternoon Pearl + I drove to Squaw Creek for a couple of hours. Temperature today was low 53° high 67°. We saw Si + M on a Roost at the Refuge. While Si + I were talking we saw a

bird fly over that we were not sure of. It flew between us and the lighter part of the sky so we got mostly a silhouette. The bird was also too high to see its tail real plain. but I really believe that it was either a Peregrine or Parasitic Jaeger. It looked like a dark bird but we were looking at the shaded sides of the bird. It would make a few flaps and then would sail. It had long pointed wings but as I say I couldn't tell much about its tail.

Today was clear, cool and nice. The temperatures were low 49° high 67°. This evening after supper Pearl & I went to the Clark Mortuary in South St Joseph to see John Robinson who passed away a couple of days ago. He is a boy, or was, who grew up with my brothers and I as kids. He was three years younger than I. After leaving there we drove on down through "Bluff Woods". Pearl heard Whippoorwills but I didn't hear them.

Today was cloudy, cool and rainy all day. The temperatures were low 42° high 70°. Todd Schroff and I worked together today until noon. After lunch Pearl + I took a drive down around the lakes south west of town. It rained on us all of the time. Later this afternoon late I took a drive out east of town. It is getting pretty muddy now on dirt roads. We now have of rain for the month.

Today was mostly clear, cool & nice. The temperatures were low 46° high 74°. I did not work today. Dave & Betty worked together. I ate breakfast at 8:30 a.m. and then at 9:15 a.m. Pearl & I took out south west and drove down around Lake Contrary, Mud Lake, Muskrat Lake, Horseshoe Lake and Bluff woods. Then this afternoon we took a drive out east of town and back through Ashland Cemetery. At 5:30 P.M. I had a call from Jim Fairlee. He had seen the Glossy Ibis at lake Contrary about 5 P.M. so Pearl & I took off for Lake Contrary and we saw the Ibis at 6 P.M.
