DEPARTMENT OF THE INTERIOR,

UNITED STATES INDIAN SERVICE,

Wittenberg Indian School,

Wittenberg, Wis., Sept. 14, 1908.

Mr. Harry L. George, Gen. Commission Merchant,

315 Francis St.,

St. Joseph, Mo.

Dear Sir:

Agreeable to your request of the 10th instant, I am sending you the one basket, which cost 75¢. I think you will be well pleased with the basket for that price if it reaches you safely. It is pretty hard to pack it and I am afraid that some of the splints will be broken. If it does not reach you allright I will box the next ones and send them by express.

The basket is not the very best basket these Indians make. The Indians usually sell the baskets as fast as they are made, as they are usually hard up for money; so one must order baskets made to get good ones. When your order came the best basket makers were away, the ones that we usually had to make our baskets.

Very respectfully,

E. J. Post
Superintendent.

LKB.
