C = body of water near Clarksdale, Mo.
P = pond of water about a quarter of a mile south of Grey Acres.

Kenneth Hawman and I were gone from 1 P.M. till 5 P.M. I expected to see Waterfowl at the Ballast Pits near Clarksdale, Mo. It is a nice large body of water about half a mile long, and a quarter of a mile wide. There was not a water bird of any kind near it. All of the water birds we saw were on small farm ponds.

Sunday, April 15, 1956.

Tues. 4/24/56.

Kenneth Hawman and I. 1PM. till 5PM. Drove east on Mitchell Avenue Road about 10 miles and then north to the abandoned farm where Kenny and I have been going quite a bit lately. It is the type of terrain where just about any kind of land bird might be found. It was cloudy and pretty chilly which is why the warblers seem to be scarce.

This morning Simon Rositzky, his two daughters and myself went to Squaw Creek where we spent most of the day. Bruce Stolberg was with us most of the time. It was cloudy, windy and cold. I wore my under-

drawers, T shirt, flannel shirt, wool sweater, old jacket, overalls and cap and I still got cold. I got home about 5 P.M. If it hadn't been so cold and windy I believe we would have seen 100 or more species. There are several common birds we failed to see such as Marsh Hawk, Killdeer, Flicker, Hairy Woodpecker, Horned Lark, Barn Swallow, Golden-crowned Kinglet, Waterthrush, Goldfinch, Junco, Field Sparrow and several others.

Symon Rositzky, his two daughters, Ben King, Roy Coy, Bruce Stolberg, Jim Fowler, Fay Reno, two boys and myself. Spent most of the day at Squaw Creek. There were about 5 other specie of birds seen that I didn't see. It was raining most of the time and very muddy. 6 A.M. to 4 P.M. This was my first day to break 100 in one day. I would say our best bird was the Mississippi Kite

66. Cardinal
67. Rose-breasted Grosbeak
68. Indigo Bunting
69. Dickcissel
70. Goldfinch

Simon Rositzky, his daughter Susie, Ben King, Bruce Stolberg and I made the rounds at Squaw Creek We left home at 12:30 P.M. and got back at 5:30 PM Had I made my rounds here at Krug Park this AM. I would have hit close to 100 for the day. Today was a beautiful day. Now because of our garden and the work on our house I probably won't get to make a regular trip until some time in August.

Sunday. May 27, 1956.

Saw Horned Owl at the home of Bill Thornton Jr. yesterday near the Spring Garden School.

Today (6/24/56) was my afternoon off so Pearl, Larry, Bert, Viola and I went fishing up at Nodaway. We came home at about 5 P.M.

Bowled tonight for a team at the Pony Express Alleys. My scores were 162, 203 and 147.

we spent most of today at Berts and Violas. This P.M. Bert took us for a ride which took in hiway 59 to Sugar Lake, Mud Lake, Lake Contrary and a hole that the Missouri River dug out during flood stage near Suga Lake. I like to go riding with Bert because he doesn't drive fast and he, like me would rather drive on back country roads. It was hot, near 100°. About 5 P.M. it clouded up and rained just a little

37. Red-eyed Towhee	Forbes

Bert and I went fishing today in a pool between Forbes, Mo and the Missouri River. Left home at 8:30 a.m. and got back at 2 P.M. I like to go there because there is a lot of wild country around. I caught one carp about 1½ lbs. That was all.

Monday, July 16, 1956

1. Rock Dove	X
2. Nighthawk	X
3. Chimney Swift	X
4. Purple Martin)	X

Mon. 7/16/56.

5. Blue Jay	bvd

7. House wren	x
8. Robin	bvd.
9. Wood Thrush	bvd
10. Starling	x
11. House Sparrow	x
12. Bronzed Grackle	bvd.

During summer while school is out and I am not taking the kids to school, I drive to and from work most of the time by way of the boulevard.

Starting July 1st. this year I intent to try to keep a daily record for a whole year. Also on May 6th. of this year Ben King told me that as long as positive identification was made by sound of the bird it was considered legal to list it, so I intend to do so from now on.

Tuesday, July 17, 1956.

1. Rock Dove	x
2. Mourning Dove	x
3. Nighthawk	x
4. Chimney Swift	x

We all went for a ride this afternoon with Bert on back country roads north and east of town. I start my vacation tomorrow so I hope to see a few good birds. So far I am about 12 species short of August last year. If I can get a trip or two to Squaw Creek or some similar place then I can probably tie or beat my list for August of last year.

Monday. August 20, 1956.

1. Great Blue Heron	A P
2. Green Heron	A P
3. Yellow-crowned Night Heron	Corby pond
4. Spotted Sandpiper	A P

Walter Skinner and I left home at 6 a.m. and got back at 10 a.m. Drove 100 miles to Squaw Creek & Big Lake and then back home. The water was very low at both places. Another dry year like this and they will go dry.

Everything is terribly dry. Drier I believe

than I have ever seen it here. Some of the Lakes here are completely dried up. Mud Lake, Horseshoe Lake and Sugar Lake are all dried up and Squaw Creek and Big Lake are very nearly all dried up. They are in bad shape.

Sat. 10/13/56.

Pearl and I left home at 6 A.M. with the R. O. Powelsons, Fred Wilkins and Jim Joy. Went to the Lake Ozark State Park to the Missouri State Audubon meeting. Mr & Mrs. Robert Bennett and their grandson Jim Lewis also went along from St Joseph. They went in their own car. We went to "Clover Point Camp" My best bird was the Bewick's Wren.

Got back home at 8PM. Our total trip was just a few miles short of 500. It rained most of this morning at the State Park. I went on the same field trip this morning with Dean and Elizabeth Cole. My best bird was a Horned Grebe seen on a small pond just after leaving the Park

My brother Walter Lee, Larry and I spent 9AM to 12 Noon along the Missouri River. I took my 410 shotgun and killed one rabbit. I missed several good shots. My shells are about 10 years old. I don't know if that was what was wrong or if I just wasn't leading them properly.
